COMMISSIONERS TAP NEW LEADER FOR THE COUNTY OFFICE ON AGING

(5-2015/Beaver, PA) The Beaver County Board of Commissioners has announced the promotion of Linda L. Hall as Director of the Beaver County Office on Aging, effective immediately.

Ms. Hall brings 3 decades of experience to the position of Director, including 27 years performing supervisory duties in the Office On Aging.

"Our Board carefully studies applicants when we have the opportunity to hire a Director for one of our Departments. Linda Hall's record of service in the Office on Aging is unparalleled. We look forward to her work with the Board of Commissioners and to her leadership at the Department on Aging" said Commissioner Tony Amadio, Chairman of the County Commissioners.

Ms. Hall's skills include an extensive knowledge of federal, state and County rules and regulations related to the Office on Aging, direct

experience in supervising the comprehensive services of the Office and a proven ability to maintain positive working relationships within the human service community of Beaver County.

"Ms. Hall is a dedicated administrator whose career at the Office on Aging reflects service with distinction. She is and will continue to be a strong advocate for Beaver County's older adults and their families" commented County Commissioner Joe Spanik.

Ms. Hall was instrumental in planning and developing the Office on Aging's goals and objectives through its Four-Year Plan & Assessment Process to comply with the Older Americans Act and Department of Aging's Directives.

"Linda Hall's extensive experience in the services offered by our Office on Aging will allow her to be a resourceful administrator as we continue to meet the needs of the growing number of older adults in Beaver County" said County Commissioner Dennis E. Nichols.

A native of Monaca, Ms. Hall graduated from Monaca High School in 1971 and received a Bachelor of Arts degree in Psychology from Alliance College in 1975. She furthered her education at Slippery Rock University, where she was awarded a Master of Arts degree in Counseling Services in 1984. Ms. Hall gained important experience in the non-profit sector for several years prior to accepting a Caseworker position with the Office on Aging in 1985. In 1987, she was promoted to Planning Supervisor in the Office On Aging (Planning, Program Development & Monitoring Department), where she served until her promotion to Director of the Office. She replaces Beverly Sullivan, who recently retired from the position of Director.
