Dear Ms. Signore:

SUBJECT: Beaver County, Pennsylvania
CAPER (Consolidated Annual Performance and Evaluation Report)
Program Year Review Letter – September 1, 2006 through August 31, 2007

We have received your letter dated February 21, 2008. The letter was submitted in response to issues noted in our letter dated January 22, 2008, concerning our review of performance during the subject period.

Our letter noted a significant decrease in CDBG disbursements for economic development activities from that reported in the two previous program years. We requested the basis for the decrease. Your letter states that this was a result of delays associated with the Westgate Business Park project. The delays resulted from contractor performance, PennDOT inspections, and requirements related to the permitting and design process for the wetland construction. Your letter states that the issues have been resolved and remaining funds are being expended in the current fiscal year.

Our letter also requested a review of the accuracy of job projection information entered to IDIS for two activities and the current status of each. Based on a conversation with staff of your office, we were incorrectly using the number 13 which appears on the screen as job projections. This number is used in IDIS to denote the activity as producing jobs. Based on the IDIS screens provided with your response, 37 jobs will be created through the Midland KOZ Site Acquisition activity funded during the various program years. Your letter included the status of each activity and states that it is anticipated that all jobs will be created in 2013 when the business park is built.

We also requested information regarding reporting provided for the HOME program. Your letter included a revised page for the HOME narrative. The revision reflects rehabilitation of 7 owner-occupied household with HOME funding.

All issues resulting from the performance review have been resolved. If you have any questions, please call Pamela Coll, Public Trust Specialist. She can be reached at (412) 644-5459.

Sincerely,

2006 CAPER Overall Performance Review

Dear Mr. Tolbert:

This letter is in response to your January 22, 2008 letter regarding the overall performance review.

Progress in Economic Development

There was a significant decrease in expenditures for economic development activities during FY 2006 because the Westgate Business Park Project (CD-045507 and CD-055506) was delayed due to issues of contractor performance, PennDOT required inspections of the infrastructure construction (Phase 1) as well as a more extensive permitting and design process for the wetland (Phase 2) construction than originally anticipated. These issues have since been resolved and all remaining CDBG funds for the project are being expended in FY 2007.

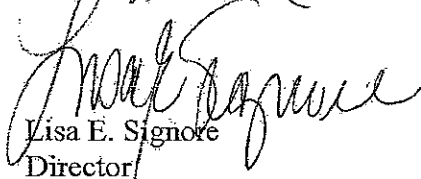

The funding for Activity No. 1266 - Midland KOZ Site Acquisition and Activity No. 1339 - Midland KOZ Site Acquisition was expended for acquisition of the site which is vacant land. Design of the business park and the environmental review was conducted during the 2006 Fiscal Year. A total of 11 jobs will be created under activity No. 1266 and a total of 26 jobs will be created under activity No. 1339. The proposed number of jobs contained in your letter is incorrect. Enclosed are the corrected IDIS screens. It is anticipated that all jobs will be created in 2013 when the business park is built.

Progress in Development of Affordable Housing

The Home narrative was incorrect. A total of 7 owner-occupied households were rehabilitated with HOME funds through the Home Improvement Program. A revised page 18 of the narrative is enclosed.

Should you require additional information or have additional questions, please do not hesitate to contact me.

Sincerely,

Lisa E. Signore
Director

2006 CAPER Overall Performance Review

Dear Mr. Tolbert:

This letter is in response to your January 22, 2008 letter regarding the overall performance review.

Progress in Economic Development

There was a significant decrease in expenditures for economic development activities during FY 2006 because the Westgate Business Park Project (CD-045507 and CD-055506) was delayed due to issues of contractor performance, PennDOT required inspections of the infrastructure construction (Phase 1) as well as a more extensive permitting and design process for the wetland (Phase 2) construction than originally anticipated. Dear Ms. Signore:

SUBJECT: Beaver County, Pennsylvania
CAPER (Consolidated Annual Performance and Evaluation Report)
Program Year Review Letter – September 1, 2006 through August 31, 2007

We have completed an evaluation of the County's overall performance during its 2006 program year, including both the planning and implementation of its CDBG (Community Development Block Grant), HOME, and ESGP (Emergency Shelter Grant Program) assisted activities. The evaluation resulted in a determination that the County is utilizing available resources to achieve its identified long and short term goals for significant change that integrates economic, physical, environmental, community and human development to create a suitable living environment.

This year's Annual Performance Review was based on information generated from HUD's Integrated Disbursement and Information (IDIS) system. The areas covered in our review are presented for your consideration in the enclosed Annual Performance Review. The report includes requests for additional action in the Progress in Economic Development and Progress in Development of Affordable Housing sections of the report. The requested information is to be submitted to our office within thirty days of the date of this letter.

If you have any questions regarding the review, please call Pamela Coll, Public Trust Specialist. She can be reached at (412) 644-5459.

Sincerely,

John E. Tolbert, III
Director, Community Planning
and Development Division

Annual Performance Review -- Program Year 2006
Beaver County, Pennsylvania

PROGRESS OF PROJECTS AND ACTIVITIES IN SERVING LOW- AND MODERATE-INCOME PERSONS

The FY 2006 CAPER shows that the cumulative net expenditures subject to the program benefit calculation total \$3,228,251.60. As of August 31, 2007, \$2,790,822.53 or 86.45 percent of the total expenditures were completed for activities benefiting low- and moderate-income persons. As a result, the County is currently in compliance with the 70 percent statutory requirement.

TIMELINESS OF EXPENDITURES

Section 570.902(a)(1) contains the standard to be used in determining whether an entitlement grantee is carrying out its CDBG activities in a timely manner. The standard is sixty days prior to the end of a grantee's program year, the amount of entitlement grant funds available but undisbursed by the U.S. Treasury can be no more than 1.5 times the entitlement grant amount for the current program year. Based on our review of the LOCCS system, on July 1, 2007, the County had a balance of \$5,526,025.80 in its line of credit. The current entitlement was \$3,958,547, which results in the balance representing 1.40 grant years. As a result, the County has met the standard established for determining timeliness of expenditures.

PROGRESS IN NON-HOUSING COMMUNITY DEVELOPMENT

During the 2006 program year, the County disbursed \$1,459,022.05 for 570.201(c) public facilities and improvement activities. The primary activities undertaken in this category included assistance for street and sidewalk improvements, fire stations/equipment, parks and recreational facilities, water and sewer improvements, parking facilities, and neighborhood facilities. During the 2005 program year, the County expended \$967,133.17 for public facilities and improvement activities. As a result, there was a significant increase in expenditures in this area during the current program year. This increase was anticipated as explained in the County's letter dated February 13, 2007, which discussed decreased expenditures during the 2005 program year. It was stated that the decrease was a result of the need for re-advertisement of a number of projects due to an increase in asphalt and concrete prices. Based on the marked increase in the current level of expenditures, the response regarding the basis for the previous year's decrease in expenditures appears correct and the County is addressing its needs in this area.

The County also expended CDBG funds totaling \$156,655.41 for public service activities during the 2006 program year. Public service activities included, but were not limited to, services for youth and seniors, and employment training. These expenditures represented 3.71

percent of the total expenditures during the program year. We note that expenditures during the current year exceeded the \$131,222.80 expended during the previous year for public service activities. We have determined that identified public service needs of the County's residents are being addressed, while remaining under the 15 percent public service cap required by the CDBG program regulations.

PROGRESS IN ECONOMIC DEVELOPMENT

In order to complete our review of the County's performance in this area, we downloaded the C04PR23 Summary of Accomplishments Report from IDIS for both the 2006 and 2005 program years. The 2006 report states that the County disbursed CDBG funds totaling \$415,563.17 for economic development activities. Based on matrix codes entered by the County to IDIS, of the amount expended for economic development during 2006, \$375,386.31 was expended for rehabilitation and \$40,176.86 was expended for micro-enterprise assistance. As a result, IDIS reports that 90 percent of the economic development expenditures completed during the program year were related to improvements to the exterior of commercial buildings or to correct code violations since use of the 14E matrix code is limited to these types of improvements. Also, we note that during the 2005 program year, the County expended \$1,062,537.42 for economic development activities. As a result expenditures during the current program year decreased by \$646,974.25 or 61 percent from that expended during the 2005 program year.

Page 6 of the CAPER reports that economic development funds were used to rehabilitate 16 buildings and assist 45 businesses. In addition, funds were expended for technical assistance and staff support for 10 organizations. Page 29 states that during the reporting period no low/mod jobs were created. As of the close of the reporting period, funds have been expended for the following economic development activities that are underway:

Activity No. 1266 – Midland KOZ Site Acquisition – Expended \$100,000 - 13 jobs were proposed for accomplishment in each of 2004, 2005 and 2006 for a total of 39 and none have been created to date.

Activity No. 1339 – Midland KOZ Site Acquisition - Expended \$250,000 – An additional 13 jobs in each 2005 and 2006 were projected as a part of this year's funding for a total of 26 jobs and none have been created to date.

Please provide our office with the basis for the significant decrease in expenditures in the area of economic development during the current program year. Also, it is requested that you review the accuracy of job projection information entered to IDIS for each of the above noted activities. Finally, please provide our office with the current status of each of the activities and the projections under which the jobs proposed for each will be created.

PROGRESS IN DEVELOPMENT OF AFFORDABLE HOUSING

Page 15 of the CAPER states that during the reporting period, a total of 131 housing units were assisted through the County's CDBG home rehabilitation programs. This included

rehabilitation of 44 owner-occupied units under the County's Home Improvement Program, weatherization of 26 owner occupied units, weatherization of 20 renter occupied units, and emergency repair for 25 owner-occupied units. The previous year's CAPER reported 128 units as being assisted through the County's three housing rehabilitation activities.

We completed a comparison of CDBG disbursements reported on the IDIS generated Summary of Accomplishments for the 2006 program year and accomplishments reported for the 2005 program year. During the 2006 program year, CDBG housing expenditures totaled \$898,779.28 which compares favorably with the \$841,457.44 expended during the 2005 program year.

We note that page 18 states that HOME funds were used for rehabilitation of 44 owner units which is the total number reported as being expended from both CDBG and HOME funds. Please review the reporting to determine whether it is accurate that all owner-occupied rehabilitation was completed with HOME funds and advise our office of the results of the review. If the HOME narrative is incorrect, please provide our office with a revised narrative. The narrative also states that HOME funds were used to assist 33 households with tenant-based rental assistance. An additional 6 households were provided ADDI homebuyer assistance to purchase their own homes.

ESGP EXPENDITURES

The County received \$170,018 in 2006 ESGP funding. During the program year, the County budgeted ESGP funds for homeless facility operating costs, supportive services and administration. Based on page 22 of the revised CAPER, four agencies were assisted through the ESGP program and of the amount granted to each the following completed expenditures during the reporting period:

BCCHDO	\$ 35,000.00
Salvation Army	37,686.00
Supportive Services	44,702.00
Women's Center	<u>35,000.00</u>
Total	\$152,388.00

During the 2005 program year, \$94,877.61 in expenditures were reported for the various agencies assisted through the program. Based on the above, expenditures increased by \$57,510.39 or 61 percent from that expended during the 2005 program year.

Section 576.35(b) of the Federal regulations requires that ESGP funds be disbursed within 24 months of the date of grant award. The County signed the contract for its 2006 ESGP grant on September 13, 2006. As a result, all 2006 ESGP funds must be expended by September 13, 2008. As of January 15, 2008, the County has expended \$80,733.89 of its 2006 grant and a balance of \$89,284.11 remains unexpended. Your letter dated January 8, 2008, stated that to ensure timely expenditure of funds, projects are monitored monthly by the project manager. You further state that you are confident that the projects are proceeding in a reasonable manner and that all funds will be expended within the 24 month period. We will continue to monitor the

County's 2006 ESGP expenditure rate and advise of any slippage in this regard.

REPORTING, MONITORING, PROGRAM AUDITS AND SELF EVALUATION

The County's Single Audit for calendar year 2005 was issued during the reporting period. The audit did not contain any findings.

Section 92.502(d)(1) of the Federal regulations requires participating jurisdictions to enter project completion data to IDIS within 120 days of making a final draw for a HOME funded project. HUD has identified this as an area of concern since a number of grantees have been found in noncompliance with the requirement. We note that the County does not have any current violations in this area and have found Cathy Smith, Project Manager, to be diligent in completion of required entries and assuring that IDIS reflects required grant information for HOME funded activities. We encourage her to continue in these efforts.

OTHER HUD PROGRAM OFFICE CONCLUSIONS

The subject report was provided to other sections within our office for review. The review resulted in the following comments by individual offices:

1. Multifamily Housing Production Branch

It was noted that Beaver County Community Development officials have continually supported the Section 202 and Section 811 programs. In 2006, Lutheran Services was awarded a Section 202 grant to build elderly housing in the County. The project, Chippewa Senior Housing, broke ground in November of 2007 and should be completed by early 2009. Based on information provided, the branch determined that the plan meets the housing needs of the elderly and persons with disabilities living in Beaver County.

2. FHEO (Fair Housing and Equal Opportunity) Division

The Division did not provide any comments regarding the report.

3. Public Housing Division

The Division advised that it had no comments regarding the report.

OVERALL EVALUATION

Overall, we have determined that the County is progressing in the implementation of its Consolidated Plan and has done a competent job of carrying out its CDBG, HOME, and ESGP activities. The various projects undertaken by the County have been carried out in compliance with applicable program regulations. The County has the continuing capacity to carry out its approved program in a timely manner.

Center was awarded \$24,000 (ESG 06) of which no funds were expended in FY 2006.

- **ESG 05 funds in the amount of \$3,907 were used for administration. ESG 06 funds in the amount of \$3,686 were used for administration.**

Beaver County continued to invest its ESG entitlement in a timely manner. To ensure timeliness expenditure of funds, these projects are monitored monthly by the project manager. The projects are proceeding in a reasonable manner and it is expected that all funds will be expended with the 24 month period.

The very limited funding resources received by the County were distributed to several local nonprofit organizations that have demonstrated excellent administrative capacity. In addition to providing assistance to homeless families and individuals through these organizations, the County also establishes a priority for assisting those who are at risk for becoming homeless. These families and individuals are typically provided financial assistance to pay for rent and utilities in order to remain in their current homes. Preventing homelessness in these situations can often require fewer financial resources in the long-term.

2. **a. These activities address the objective of making decent housing accessible and/or affordable to low moderate income persons. Through non-profit organizations and other public agencies, Beaver County Beaver County spent \$156,328 in ESG funds to provide assistance to the homeless population and those at risk of becoming homeless. Refer to Outcome Sheets for further information.**

b. 276 people in 163 extremely low income households were provided emergency shelter and 130 people in 102 extremely low income households were provided transitional housing.

3. **A total of \$152,388 in ESG program expenditures was matched with a total of \$1,578,831 in other grant funds, fundraising and donated goods. The following matching funds or in-kind services were secured for the ESG program expenditures during the reporting period. No volunteer service hours were used as match during the reporting period.**

- **The total ESG expenditures by Beaver County Community Housing Development Organization, Inc. (BCCHDO) during the reporting period were \$35,000. No matching funds were made by BCCHDO.**
- **The total ESG expenditures by the Salvation Army were \$37,686. No matching funds were made by the Salvation Army.**
- **The total ESG expenditures by Supportive Services Inc. during the reporting period were \$44,702. This amount was matched with \$915,208 in funding from the local MH/MR office and donations of bakery goods worth approximately \$106,000 from a local grocery store chain.**

2006 CAPER Completeness Review

Dear Mr. Tolbert:

This office is in receipt of your letter dated December 10, 2007 regarding your completeness review of Beaver County's 2006 CAPER. We offer the following responses to your issues:

1. The unnecessary inclusion of the projects sheets is noted and future reports will include a list of ongoing, completed and cancelled projects instead of the project sheets.
2. In the past, we did not include this and were not instructed to do so. Please see the attached spreadsheet titled "Geographic Distribution of HOME Funds" and "Geographic Distribution of ESG Funds" for this information.
3. Enclosed is the revised HOME Match Report with corrections made to Line 1 of Part II.
4. No funds were budgeted or granted for rehabilitation of transitional housing units. All ESG funding was used for shelter operations, supportive services and admin. This information was revised on page 22 of the enclosed Narrative.
5. Regarding only ESG funding, 276 people were provided emergency shelter and 130 people were provided transitional housing. Assistance with security deposits etc. and TBRA was provided through other programs. Page 23 of the enclosed Narrative was revised to only reflect households served with ESG funds. The number and types of households have also been added to the narrative.

6. The information in the narrative was incorrect. The amount of ESG expended for shelter operations and supportive services was \$117,390. This does not include funds expended for ESG administration. The narrative was revised on page 23 to correct this amount and the amount expended and matched by each agency.
7. The HAP information was incorrect. The enclosed Narrative on page 24 has been revised to include the correct information.
8. Answers to question 5.b. and c. on page 24 of the Narrative regarding Discharge Planning and ESG have been included on page 24 of the enclosed revised Narrative.
9. The completed Section 108 report is included with a tab to insert into the CAPER. In addition the "Other Narrative" section of the enclosed Narrative has been revised to include reference to the Section 108 information.
10. Specific Annual Objectives:
 - a. The performance indicator on the DH-3(11) objective sheet was incorrect in the original plan and should have been \$5,000 and not \$50,000 as indicated on the performance report. The Housing Authority routinely budgets approximately \$1000 per year to give seminars for public housing residents on participation in the Homebuyer Program. The corrected objective sheet is enclosed.
 - b. The expected number of \$25,000 on SL-1(1) objective sheet was the amount funded in 2006 for projects with the goal of improving and increasing the quantity of parking facilities for lower income persons (Matrix Code 03G). In 2006 we only had one request for construction or improvement of a parking facility. In addition, the Actual number reflects a 2004 project in Rochester Borough with a budget of \$47,997 that was completed during FY 2006.
 - c. On objective sheet SL-1(2), the expected number in question should be \$194,000 which represents the amount of parks and recreation facilities projects (Matrix Code 03F) with the objective of increasing the availability and/or accessibility of a suitable living environment that were funded in FY 2006. In addition, \$40,000 in parks and recreation facilities projects (Matrix Code 03F) with the objective of sustaining the suitability of the living environment were funded in FY2006 which has been corrected on objective sheet SL-3(2). Both corrected sheets are enclosed.
11. Activity Summary
 - a. Activity No. 2 Converted CDBG Activities – IDIS programmers incorrectly drew \$995.09 from that activity in FY 2006 (on 8/30/07) and corrected the draw in FY 2007 (on 9/21/2007). A copy of the IDIS drawdown screen is enclosed.

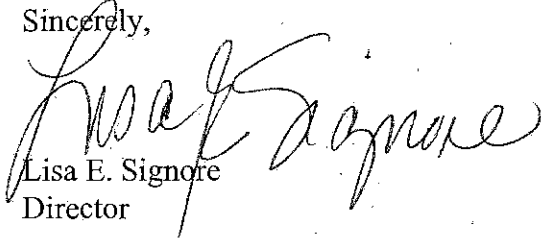

- b. The narrative of Activity No. 1050 Building Acquisition has been revised. Funding continues to be pursued for the project but none has been obtained. The revised narrative screen is enclosed
 - c. The Matrix Code for Activity No. 1087 Ambridge Historic District Streetscape has been changed in IDIS to 03L. Besides new pedestrian lighting, the project consisted of replacement of sidewalks and fencing along the sidewalk. The streets were not repaved through the project, therefore it was included as project with the objective of sustaining the suitability of the living environment for lowing income persons improved quality of sidewalks (Matrix Code 03L) on objective sheet SL-3(5a). The Matrix Code was corrected to 03L and the description was revised to better explain the activity in IDIS. Copies of the corrected screens are enclosed.
 - d. Accomplish narratives were added for Activity Nos. 1441 and 1468. Copies of the corrected screens are enclosed.
12. See pages 22 and 23 of the revised Narrative. The status of 2006 ESG grant funds is as follows:
- A contract was executed on June 28, 2007 for \$25,545 with the Salvation Army for a matching grant for their supportive housing grant. \$9,239 was expended in FY 2006 and \$9,865 has been expended in FY2007 to date.
 - A contract was executed on June 28, 2007 for \$11,629 with the Salvation Army for supportive services. \$2,647 was expended in FY 2006 and \$8,038 has been expended in FY2007 to date.
 - A contract was executed for \$35,000 on May 24, 2007 with the Beaver County Community Housing Development Organization (BCCHDO) for operations. \$13,921 has been expended in FY2007 to date.
 - A contract was executed for \$24,000 on June 28, 2007 with the Women's Center for operations. \$108 has been expended in FY 2007 to date.
 - A contract was executed for \$65,344 with supportive services. \$13,358 was expended in FY 2006 and \$22,356 has been expended in FY 2007 to date.
 - \$8,500 was committed for administration costs. Of this amount, \$3,686 was expended in FY 2006 and -\$4,609 has been in expended in FY 2007 to date.

Information on ESG 2006 grant projects has been added to the narrative. To keep

reporting consistent for the 2006 fiscal year the amounts reported in the narrative are what was spent in FY 2006. The amounts spent in FY 2007 will be reported in the 2007 CAPER. To ensure timeliness expenditure of funds, these projects are monitored monthly by the project manager. We are confident that the projects are proceeding in a reasonable manner and that all funds will be expended with the 24 month period.

Should you require additional information or have additional questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lisa E. Signore".

- a. States must describe their method of distribution and how it rated and selected its local government agencies and private nonprofit organizations acting as subrecipients.
5. Activity and Beneficiary Data
- a. Completion of attached Emergency Shelter Grant Program Performance Chart or other reports showing ESGP expenditures by type of activity. Also describe any problems in collecting, reporting, and evaluating the reliability of this information.
 - b. Homeless Discharge Coordination
 - i. As part of the government developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very-low income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.
 - c. Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.

Program Year 2 CAPER ESG response:

1. ***During the reporting period, Beaver County used its annual Emergency Shelter Grants (ESG) fund allocation to help address various homeless issues in the County. During the reporting period, the County budgeted ESG funds for homeless facility operating costs and supportive services. There were no specific plans to open any new emergency shelters. The County's focus was the implementation of strategies to assist homeless individuals and families through the provision of transitional housing opportunities. To achieve this objective, the County expended its ESG funds as follows:***
 - ***Beaver County Community Housing Development Organization, Inc. (BCCHDO) - BCCHDO was granted \$35,000 (ESG 05) which was completely expended by the end of the reporting period. BCCHDO was granted \$35,000 (ESG 06) on May 24, 2007 which was unexpended by the end of the reporting period.***
 - ***Supportive Services, Inc. - Supportive Services was granted \$44,704 (ESG 05) and expended the entire amount. Supportive Services was granted \$65,344 (ESG 05) on May 24, 2007 and expended \$13,358 during the reporting period.***
 - ***The Salvation Army was awarded \$25,745 (ESG 05) for supportive services. All funds were expended in FY 2006. On June 28, 2007 the Salvation Army was awarded \$25,545 (ESG 06) for a matching grant for their Supportive Housing project. \$9,293 was expended in FY 2006. The Salvation was also awarded a grant of \$11,629 (ESG 06) on June 28, 2007 for supportive services. \$2,647 was expended in FY 2006.***
 - ***The Women's Center was awarded \$35,000 (ESG 05) for operation. These funds were completely expended in FY 2006. The Women's***

Center was awarded \$24,000 (ESG 06) of which no funds were expended in FY 2006.

- **ESG 05 funds in the amount of \$3,907 were used for administration. ESG 06 funds in the amount of \$3,686 were used for administration.**

Beaver County continued to invest its ESG entitlement in a timely manner. To ensure timeliness expenditure of funds, these projects are monitored monthly by the project manager. The projects are proceeding in a reasonable manner and it is expected that all funds will be expended with the 24 month period.

The very limited funding resources received by the County were distributed to several local nonprofit organizations that have demonstrated excellent administrative capacity. In addition to providing assistance to homeless families and individuals through these organizations, the County also establishes a priority for assisting those who are at risk for becoming homeless. These families and individuals are typically provided financial assistance to pay for rent and utilities in order to remain in their current homes. Preventing homelessness in these situations can often require fewer financial resources in the long-term.

2. a. **These activities address the objective of making decent housing accessible and/or affordable to low moderate income persons. Through non-profit organizations and other public agencies, Beaver County Beaver County spent \$156,328 in ESG funds to provide assistance to the homeless population and those at risk of becoming homeless. Refer to Outcome Sheets for further information.**

b. 276 people in 163 extremely low income households were provided emergency shelter and 130 people in 102 extremely low income households were provided transitional housing.

3. **A total of \$117,390 in ESG program expenditures was matched with a total of \$1,578,831 in other grant funds, fundraising and donated goods. The following matching funds or in-kind services were secured for the ESG program expenditures during the reporting period. No volunteer service hours were used as match during the reporting period.**

- **The total ESG expenditures by Beaver County Community Housing Development Organization, Inc. (BCCHDO) during the reporting period were \$35,000. No matching funds were made by BCCHDO.**
- **The total ESG expenditures by the Salvation Army were \$37,686. No matching funds were made by the Salvation Army.**
- **The total ESG expenditures by Supportive Services Inc. during the reporting period were \$44,702. This amount was matched with \$915,208 in funding from the local MH/MR office and donations of bakery goods worth approximately \$106,000 from a local grocery store chain.**

- **The total ESG expenditures by the Women's Center of Beaver County during the reporting period were \$35,000. This amount was matched with \$285,140 in Pennsylvania Coalition Against Domestic Violence funds, \$183,455 in Pennsylvania Coalition Against Rape funds, \$62,060 in U.S. Department of Justice funds and \$26,968 in contributions by the United Way and individuals.**

In addition, a total of \$156,753 in HAP funds was received in FY 2005 of which \$15,078 was used by the Beaver County Community Development Program for Administration of the program. The remaining funds were distributed as follows:

- **Voluntary Action Center received \$38,300 to provide rental and utility assistance to persons at risk for homelessness.**
- **BCCHDO received \$24,425 for operation of a transitional shelter.**
- **Contact Beaver Valley received \$3,500 to run the Homeless Helpline.**
- **The Women's Center of Beaver County received \$20,090 to provide case management services.**
- **Harbor Point Housing received \$39,000 to provide case management services.**
- **The Women's Center of Beaver County received \$13,360 for the Bridge Housing Program which provides transitional housing services.**
- **The Salvation Army received \$3,000 to provide emergency housing services.**

4. **Beaver County is not a state entity therefore this item is not applicable.**
5. **a. Beaver County spent \$66,391 on shelter operations that served 406 people. There were no problems in collecting, reporting or evaluating the reliability of this data.**
 - b. i. Homeless Discharge Coordination. No ESG funds are used specifically for discharge coordination.**
 - c. Formal discharge planning protocol has been implemented through the County's Continuum of Care process in the areas of foster care, health care, mental health and corrections. No ESG funds are used specifically in this effort.**

Dear Ms. Signore:

SUBJECT: Beaver County, PA - B-06-UC-42-0102
CAPER (Consolidated Annual Performance and Evaluation
Reporting)
Program Year September 1, 2006 through August 31, 2007
Completeness Review

We received the subject reporting on November 29, 2007. A review has been completed to assure that the reporting was prepared in compliance with the February 18, 1998, memorandum from the Assistant Secretary for Community Planning and Development. The memo provides guidance on achieving compliance with HUD regulatory and statutory requirements for reporting program performance and accomplishments. Additional guidance regarding preparation of the narratives was issued in April 2007 to assure that performance measurement reporting was properly completed. Based on our review, we have found that the 2006 CAPER was complete and adequately addressed the following areas:

- Assessment of three to five year goals and objective
- Affirmatively furthering fair housing actions
- Affordable housing
- Continuum of care
- Other actions
- Leveraging resources
- Citizen comments
- Self-evaluation
- CDBG Narrative Statements
- HOME Narrative Statements
- ESG Narrative Statements
- Public participation requirements

Although we have found the CAPER to be complete, deficiencies were noted during our review of the information provided and the information reported on the IDIS generated Activity Summary forms. Based on the review, the following discrepancies have been noted:

1. Item b. on page 3 of the narrative is to provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective. The guide for development of the response in this area states that the information provided is to be summary information so that HUD and citizens can easily assess progress made toward meeting longer term goals. Instead of providing a summary as required, the document submitted by your office includes the numerous project sheets created in CPMP for completed projects, ongoing projects, and cancelled projects. This information is not acceptable as a summary of the accomplishments in attaining the goals and objectives for the reporting period. Individual project sheets are not to be included in future reports. We note that previous reports included a listing of projects in these tabs rather than the individual sheets. We note that additional narrative which adequately responds to the assessment is provided regarding the use of funds as it relates to goals and objectives.
2. Section 91.520(a) of the regulations requires that the performance report include for each formula grant program a description of the resources made available, the investment of available resources, and the geographic distribution and location of investments. This information is stated as being addressed in the response to question No.2 on page 10 of the report. As directed, the geographic distribution and expenditure requirement may be satisfied by specifying the census tracts where expenditures were concentrated and the percentage of funds expended in target areas. The response refers to Appendix A of the Plan which includes the Geographic Distribution Table. However, the Table is limited to information regarding the use of CDBG funds and, therefore, does not include the required information regarding use of HOME or ESGP funds. Please provide required information regarding the census tracts where HOME and ESGP expenditures were concentrated and the percentage of funds expended in target areas.
3. Errors are included on the HOME Match Report included in Appendix E of the CAPER. Specifically, line 1 of Part II reports excess match from the prior Federal fiscal year of \$416,905.45. The prior revised HOME Match Report for the 2005 year, submitted with your letter dated January 10, 2007, reported this amount as \$412,292.58. Please note that the above error carries forward to other totals on the report. Submit a revised HOME Match Report.
4. Page 22 includes the CAPER ESG response. The first paragraph is the same as that included in the previous year's report. We note that it states that during the reporting period the County budgeted ESG funds for rehabilitation of transitional housing units and that renovations to one existing emergency shelter were completed. Please provide our office with details regarding the funds budgeted during the program year for rehabilitation activities. Also, provide our office with specific information regarding the shelter and costs associated with the renovations stated as being completed to one existing emergency shelter.
5. Page 23 includes the response to question 2b which is to include the number and types of individuals and persons in households served with ESG funds. The response states that 276 people were provided emergency shelter, 130 were provided transitional housing, 208 were assisted with security deposits, etc., and 33 were provided TBRA. As directed in the question, please provide the number and types of individuals and persons in household

served solely as it relates to use of ESG funds.

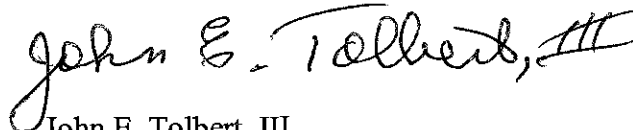

6. The response to question 3 on page 23 states that a total of \$66,391 in ESG program expenditures were matched. We are unable to determine the basis for this amount since expenditures for the two agencies listed as having expenditures matched total \$92,178 with the total for the three agencies amounting to \$121,010. Please provide the basis for the reported \$66,391.
7. The final paragraph on page 23 and the seven bulleted items which follow on page 23 relate to receipt of \$153,675 in HAP funds, admin. expenditures, and the distribution of remaining ESG grant funds during the reporting period. This information is the exact same as that provided in the 2005 CAPER. Please advise our office of whether each agency received the same funding during the 2006 program year as that received in 2005.
8. The response to question 5 on page 24 is incomplete. As stated on page 22, a response is to be provided to question 5c regarding Homeless Discharge Coordination. It is to explain how your government is instituting a homeless discharge coordination policy and how ESG homeless prevention funds are being used in this effort.
9. As stated in the April 2007 guidance, grantees with Section 108 loan guarantee projects are to describe actual accomplishments. A recommended Section 108 Loan Guarantee Report was included with the instructions to be used for tracking accomplishments. A copy of the report is enclosed with this letter for completion.
10. Page 33 of the objectives tab includes the Summary of Specific Annual Objectives. Our review of the forms resulted the following:
 - a. Page 33 includes information for objective DH-3(11). The second performance indicator states "spend \$50,000 over 5 years", but an expected number of 30,000 is reported for 2005, 30,000 for 2006, 10,000 for 2007, and 1,000 is reported for 2008 for a total of 71,000. Please provide an explanation as to why the amounts reported in the performance indicator are not in agreement with the expected numbers reported for the objective.
 - b. Page 36 includes information for objective SL-1(1). The second performance indicator states "Invest \$270,000 over 5 years." However, an expected number of 25,000 is only entered for 2006. Please explain the basis for the expected number.
 - c. Page 38 includes information for objective SL-1(2). The third performance indicator states "Invest \$630,000 over 5 years". However an expected number of 144,000 is only entered for 2006. Please explain the basis for the expected number.
11. We drewdown the Activity Summary forms from IDIS for the 2006 program year. Our review of the forms resulted in the following:
 - a. During the reporting period, \$995.09 in funds were drawdown from Activity No. 2,

Converted CDBG Activities. Please provide information regarding the drawdown and the subsequent use of funds.

- b. All funding associated with Activity No. 1050, Building Acquisition, which was funded in 2001 was expended in prior periods. We note that the status of the activity is listed as underway. Also, the accomplishments narrative for the activity states "In discussion with potential tenant and waiting for funding to renovate the building.". Please determine whether revision of the status or accomplishments is necessary for the activity.
 - c. Activity No. 1087, Ambridge Historic District Streetscape, is assigned the general 03(public facilities and improvements) matrix code. This general code is only to be used when the activity does not fall under a more specific category. Based on the title and description which states that funds were used for removal of old light poles and installation of new lighting on Merchant Street, the 03K (Street Improvements) matrix code should be assigned to the activity. This matrix code includes installation of street lights.
 - d. An accomplishments narrative is not entered for Activity Nos. 1441, Beaver County Minority Coalition Administration or Activity No. 1468, Prevention Network Sign. Please enter a narrative to IDIS for each activity.
12. Based on a review of IDIS, as of December 4, 2007, only \$103,474.20 has been committed from the County's 2006 ESG grant approved for which the County executed the grant agreement on September 13, 2006. This includes \$93,646.18 for operating costs and an additional \$9,828.02 for administration. We further note that only \$66,543.80 in 2006 funds were drawdown as of that date. The County's 2006 ESGP was funded in an amount of \$170,018.00. As a result, \$66,543.80 remained available for commitment as of the above date and \$103,474.20 remained available for drawdown in the program. Based on the above noted execution date, all 2006 funds must be expended by September 13, 2007. Please provide information regarding the procedures established to assure that funds are committed and expended within the 24-month period established by Federal regulation.

Please submit a response to the above within thirty days of the date of this letter. If you have any questions, please call Pamela Coll. She can be reached at (412) 644-5459.

Sincerely,

John E. Tolbert, III

Consolidated Annual Performance and Evaluation Report
FOR FY 2006

BEAVER COUNTY, PENNSYLVANIA

In accordance with Community Development Block Grant (CDBG) regulations (24 CFR 91.520), the County of Beaver, Pennsylvania has prepared its Fiscal Year 2006 Consolidated Annual Performance and Evaluation Report (CAPER) for the programs covered under its Consolidated Plan, including CDBG, HOME and ESG. The purpose of the CAPER is to describe the level of housing assistance and non-housing community development assistance provided to low- and moderate-income persons and households through the various federal and state funding programs during the County's 2006 fiscal year.

Copies of the FY 2006 CAPER for Beaver County are available for inspection from November 8, 2007 through November 27, 2007 at:

Dear Ms. Signore:

SUBJECT: Beaver County, PA - B-06-UC-42-0102
CAPER (Consolidated Annual Performance and Evaluation
Reporting)
Program Year September 1, 2006 through August 31, 2007
Completeness Review

We received the subject reporting on November 29, 2007. A review has been completed to assure that the reporting was prepared in compliance with the February 18, 1998, memorandum from the Assistant Secretary for Community Planning and Development. The memo provides guidance on achieving compliance with HUD regulatory and statutory requirements for reporting program performance and accomplishments. Additional guidance regarding preparation of the narratives was issued in April 2007 to assure that performance measurement reporting was properly completed. Based on our review, we have found that the 2006 CAPER was complete and adequately addressed the following areas:

- Assessment of three to five year goals and objective
- Affirmatively furthering fair housing actions
- Affordable housing
- Continuum of care
- Other actions
- Leveraging resources
- Citizen comments
- Self-evaluation
- CDBG Narrative Statements
- HOME Narrative Statements
- ESG Narrative Statements
- Public participation requirements

Although we have found the CAPER to be complete, deficiencies were noted during our review of the information provided and the information reported on the IDIS generated Activity Summary forms. Based on the review, the following discrepancies have been noted:

1. Item b. on page 3 of the narrative is to provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective. The guide for development of the response in this area states that the information provided is to be summary information so that HUD and citizens can easily assess progress made toward meeting longer term goals. Instead of providing a summary as required, the document submitted by your office includes the numerous project sheets created in CPMP for completed projects, ongoing projects, and cancelled projects. This information is not acceptable as a summary of the accomplishments in attaining the goals and objectives for the reporting period. Individual project sheets are not to be included in future reports. We note that previous reports included a listing of projects in these tabs rather than the individual sheets. We note that additional narrative which adequately responds to the assessment is provided regarding the use of funds as it relates to goals and objectives.
2. Section 91.520(a) of the regulations requires that the performance report include for each formula grant program a description of the resources made available, the investment of available resources, and the geographic distribution and location of investments. This information is stated as being addressed in the response to question No.2 on page 10 of the report. As directed, the geographic distribution and expenditure requirement may be satisfied by specifying the census tracts where expenditures were concentrated and the percentage of funds expended in target areas. The response refers to Appendix A of the Plan which includes the Geographic Distribution Table. However, the Table is limited to information regarding the use of CDBG funds and, therefore, does not include the required information regarding use of HOME or ESGP funds. Please provide required information regarding the census tracts where HOME and ESGP expenditures were concentrated and the percentage of funds expended in target areas.
3. Errors are included on the HOME Match Report included in Appendix E of the CAPER. Specifically, line 1 of Part II reports excess match from the prior Federal fiscal year of \$416,905.45. The prior revised HOME Match Report for the 2005 year, submitted with your letter dated January 10, 2007, reported this amount as \$412,292.58. Please note that the above error carries forward to other totals on the report. Submit a revised HOME Match Report.
4. Page 22 includes the CAPER ESG response. The first paragraph is the same as that included in the previous year's report. We note that it states that during the reporting period the County budgeted ESG funds for rehabilitation of transitional housing units and that renovations to one existing emergency shelter were completed. Please provide our office with details regarding the funds budgeted during the program year for rehabilitation activities. Also, provide our office with specific information regarding the shelter and costs associated with the renovations stated as being completed to one existing emergency shelter.
5. Page 23 includes the response to question 2b which is to include the number and types of individuals and persons in households served with ESG funds. The response states that 276 people were provided emergency shelter, 130 were provided transitional housing, 208 were assisted with security deposits, etc., and 33 were provided TBRA. As directed in the question, please provide the number and types of individuals and persons in household

served solely as it relates to use of ESG funds.

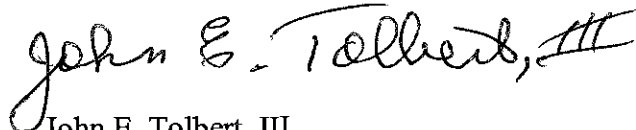

6. The response to question 3 on page 23 states that a total of \$66,391 in ESG program expenditures were matched. We are unable to determine the basis for this amount since expenditures for the two agencies listed as having expenditures matched total \$92,178 with the total for the three agencies amounting to \$121,010. Please provide the basis for the reported \$66,391.
7. The final paragraph on page 23 and the seven bulleted items which follow on page 23 relate to receipt of \$153,675 in HAP funds, admin. expenditures, and the distribution of remaining ESG grant funds during the reporting period. This information is the exact same as that provided in the 2005 CAPER. Please advise our office of whether each agency received the same funding during the 2006 program year as that received in 2005.
8. The response to question 5 on page 24 is incomplete. As stated on page 22, a response is to be provided to question 5c regarding Homeless Discharge Coordination. It is to explain how your government is instituting a homeless discharge coordination policy and how ESG homeless prevention funds are being used in this effort.
9. As stated in the April 2007 guidance, grantees with Section 108 loan guarantee projects are to describe actual accomplishments. A recommended Section 108 Loan Guarantee Report was included with the instructions to be used for tracking accomplishments. A copy of the report is enclosed with this letter for completion.
10. Page 33 of the objectives tab includes the Summary of Specific Annual Objectives. Our review of the forms resulted the following:
 - a. Page 33 includes information for objective DH-3(11). The second performance indicator states "spend \$50,000 over 5 years", but an expected number of 30,000 is reported for 2005, 30,000 for 2006, 10,000 for 2007, and 1,000 is reported for 2008 for a total of 71,000. Please provide an explanation as to why the amounts reported in the performance indicator are not in agreement with the expected numbers reported for the objective.
 - b. Page 36 includes information for objective SL-1(1). The second performance indicator states "Invest \$270,000 over 5 years." However, an expected number of 25,000 is only entered for 2006. Please explain the basis for the expected number.
 - c. Page 38 includes information for objective SL-1(2). The third performance indicator states "Invest \$630,000 over 5 years". However an expected number of 144,000 is only entered for 2006. Please explain the basis for the expected number.
11. We drewdown the Activity Summary forms from IDIS for the 2006 program year. Our review of the forms resulted in the following:
 - a. During the reporting period, \$995.09 in funds were drawdown from Activity No. 2,

Converted CDBG Activities. Please provide information regarding the drawdown and the subsequent use of funds.

- b. All funding associated with Activity No. 1050, Building Acquisition, which was funded in 2001 was expended in prior periods. We note that the status of the activity is listed as underway. Also, the accomplishments narrative for the activity states "In discussion with potential tenant and waiting for funding to renovate the building.". Please determine whether revision of the status or accomplishments is necessary for the activity.
 - c. Activity No. 1087, Ambridge Historic District Streetscape, is assigned the general 03(public facilities and improvements) matrix code. This general code is only to be used when the activity does not fall under a more specific category. Based on the title and description which states that funds were used for removal of old light poles and installation of new lighting on Merchant Street, the 03K (Street Improvements) matrix code should be assigned to the activity. This matrix code includes installation of street lights.
 - d. An accomplishments narrative is not entered for Activity Nos. 1441, Beaver County Minority Coalition Administration or Activity No. 1468, Prevention Network Sign. Please enter a narrative to IDIS for each activity.
12. Based on a review of IDIS, as of December 4, 2007, only \$103,474.20 has been committed from the County's 2006 ESG grant approved for which the County executed the grant agreement on September 13, 2006. This includes \$93,646.18 for operating costs and an additional \$9,828.02 for administration. We further note that only \$66,543.80 in 2006 funds were drawdown as of that date. The County's 2006 ESGP was funded in an amount of \$170,018.00. As a result, \$66,543.80 remained available for commitment as of the above date and \$103,474.20 remained available for drawdown in the program. Based on the above noted execution date, all 2006 funds must be expended by September 13, 2007. Please provide information regarding the procedures established to assure that funds are committed and expended within the 24-month period established by Federal regulation.

Please submit a response to the above within thirty days of the date of this letter. If you have any questions, please call Pamela Coll. She can be reached at (412) 644-5459.

Second Program Year CAPER

The CPMP Second Consolidated Annual Performance and Evaluation Report includes Narrative Responses to CAPER questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

The grantee must submit an updated Financial Summary Report (PR26).

GENERAL

Executive Summary

This module is optional but encouraged. If you choose to complete it, provide a brief overview that includes major initiatives and highlights that were proposed and executed throughout the first year.

Program Year 2 CAPER Executive Summary response:

Beaver County is a unique area made up of 54 municipalities. It represents a mix of rural and urban environments that reflect diverse cultural and socio-economic backgrounds. The County is both large enough and small enough to utilize its investments of private and public funds to make a significant impact on the health of our various communities. In an effort to keep both the rural and urban areas viable, the County is committed to supporting projects that promote residential, economic and commercial growth.

The County committed \$412,000 in HOME funds for the construction of an 11-unit townhouse project in the Borough of East Rochester. The total project cost was \$900,000, more than one-half of which was supported through private investment. Another example of a healthy affordable housing partnership is the completion of a 4-unit apartment structure in the Borough of West Mayfield, built by the Beaver County Community Development Housing Organization (BCCHDO). The total cost of the project was \$760,000, which included a \$390,000 investment of HOME dollars and a \$370,000 investment of other funds obtained by the CHDO.

The County contains 10 river-bordering towns, each striving to maintain thriving central business districts that serve as core community centers. These towns continue to enhance their central business districts through the use of CDBG funds involving a program that offers incentives to the commitment of private funds for the improvement of commercial facades. This year, all 10 rivertown communities benefited from a total expenditure of \$545,309, \$211,745 (39%) of which was funding entirely through private means.

The Home Improvement Program continues to be one of the most popular individual programs. This program is funded through CDBG and the County's Affordable Housing Trust Fund. During this year, \$673,579 was expended for improvements to owner-occupied residences. Of this investment,

\$255,000 (38%) will be returned to the program as part of the loan commitment assumed by the participating home owners.

The County remains committed to these types of partnerships in its effort to utilize entitlement funds in the most effective, efficient and far-reaching manner.

General Questions

1. Assessment of the one-year goals and objectives:
 - a. Describe the accomplishments in attaining the goals and objectives for the reporting period.
 - b. Provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective.
 - c. If applicable, explain why progress was not made towards meeting the goals and objectives.
2. Describe the manner in which the recipient would change its program as a result of its experiences.
3. Affirmatively Furthering Fair Housing:
 - a. Provide a summary of impediments to fair housing choice.
 - b. Identify actions taken to overcome effects of impediments identified.
4. Describe Other Actions in Strategic Plan or Action Plan taken to address obstacles to meeting underserved needs.
5. Leveraging Resources
 - a. Identify progress in obtaining "other" public and private resources to address needs.
 - b. How Federal resources from HUD leveraged other public and private resources.
 - c. How matching requirements were satisfied.

Program Year 2 CAPER General Questions response:

1. a. Because this is the first year that performance measurements must be fully reported on, the project and objective sheets reflect all of the projects that were completed, ongoing and cancelled in FY 2006. 2007 Action Plan information is both in the objectives sheets as well as in the tables. This is because of the inherent design of the CPMP tool. The anticipated number of students assisted through after-school tutoring program was exceeded by 43. Additionally, the number of low-income people who received technical assistance through the micro-enterprise program was exceeded by 78. Thirty more businesses were assisted with façade rehabilitation grants than anticipated. For more information on meeting housing goals please refer to the Decent Housing (DH) outcomes under the Objectives tab of this document.

While Beaver County continues to be generally satisfied with the progress made with regard to the priorities, goals and activities that were developed and included in the five-year plan, the objectives for the fair housing officer do not adequately reflect the requirements of the position. To help redefine those goals and objectives, a new analysis of impediments to fair housing choice is being conducted in FY2007 which will allow Beaver County to update its priorities in this area and give better direction to the fair housing officer.

b. Following is the listing of objectives and outcomes that have been developed from the five-year strategic plan and have been put into the new Performance Measurement format. Please see specific sheets under the Objectives tab in this document for associated proposed accomplishments and performance measures. In the narrative, the Community Development project numbers are listed after each objective and outcome. Projects completed in FY 2006 are then described in the narrative. Listings of all projects completed, ongoing and cancelled during the reporting period are included as tabbed sections in the CAPER document. Only completed projects are reported on the Housing and Community Development Table.

Following are the projects that were ongoing at the end of FY 2006: To increase or improve the Availability and/or Accessibility of Decent Housing for Low Income Persons (DH-1) (HOME04, HOME06, Section 8 Housing Choice Vouchers, HOME05, ESG05, Act 137, CD064001) Under this objective and outcome, using \$13,545 of ADDI (HOME 2005) funds, 6 households were assisted through a first-time Homebuyer Assistance program. An additional 34 households were assisted with Act 137 funds. Seventeen households in public housing were assisted in becoming future homeowners through the Housing Authority of the County of Beaver's Housing Choice Voucher Self-Sufficiency program. Five public housing resident families became homeowners through the Housing Choice Voucher Program. Two of the homes were converted public housing units in Beaver Falls. Nine units were constructed using \$390,000 in HOME funds. Emergency Shelter Grant (ESG) funding in the amount of \$170,018 assisted 276 homeless persons through the operation and rehabilitation of emergency shelters and 130 persons were assisted with transitional housing. 137 homeless persons were assisted through the HMIS system. In FY 2006, 14 units of public housing were constructed by the Housing Authority of the County of Beaver County to accommodate persons with mobility impairments. An additional 17 units of public housing were under construction to accommodate persons with mobility impairments. One CDBG project to install waterline laterals for the homes of low income people in North Sewickley Township was underway. One CDBG project to provide telehealth monitors for low income residents to remain in their homes was underway. One project that provides services to the elderly was ongoing in 2006 (Matrix Code05A).

To increase the Affordability of Decent Housing for Low Income Persons (DH-2) (HOME-04, HOME-06) The Housing Authority of the County of Beaver assisted 715 households, 110 of which were new participants, through the public housing Section 8 Housing Choice Voucher program in Beaver County. In FY 206, 36 additional low income households were assisted with tenant-based rental assistance through the HOME program (Matrix Code 05S).

To Sustain Decent Affordable Housing for Low Income Persons (DH-3) (CD035500, CD045500, CD055500, CD065506, CD045502, CD055502, CD065502, CD055501, CD065501, CD045505, CD055509, CD065505, CD065512, HOME 06) In FY 2006, a total of \$927,173 in CDBG funding and \$100,000 in HOME funding were spent on this objective. Under this objective (Matrix Code 14A), 46 homes of low income people were rehabilitated through the Home Improvement program, 42 homes of extremely low income people were weatherized through the Energy Conservation program, and 25 homes of low income people were rehabilitated through the Emergency Home Improvement program. The Housing Authority of the County of Beaver rehabilitated 393 units of public housing occupied by low income persons. In FY 2006, 208 people were assisted with security deposits, utility assistance, rental assistance and/or mortgage assistance to prevent homelessness. Tenant-based rental assistance was provided to 33 people at risk of being homeless. With Supportive Housing funds, permanent housing and supportive services were provided for 16 homeless persons with disabilities. Beaver County collaborated with ten private and public agencies to identify and provide for the supportive service needs of public housing residents. The Housing Authority of the County of Beaver continued to administer the SHARES, SHARES2 and Neighborhood Network programs which provided a variety of supportive services to 247 public housing residents. Twenty-six public housing residents served on the board of the Housing Authority of the County of Beaver and three new resident councils were created. With Supportive Housing funding, 36 homeless persons were provided permanent housing and supportive services. The Rodent Control program provided rodent abatement services for 1,150 low income people in Beaver County (Matrix Code 05).

To increase or improve the Availability and/or Accessibility of Suitable Living Environments for Low Income Persons (SL-1) (CD045522, CD041700, CD050100, CD050300, CD045520, CD023704, CD045517, CD053702, CD060104, CD024707, CD033501, CD054701, CD063701, CD065506, CD065507, CD064801, CD 045514, CD060600, CD033401, CD051700, CD052600, CD032201, CD 042201, CD050700, CD045512, CD060503, CD063502, CD060301) In FY 2005, \$90,176 in CDBG funds was spent on activities for this objective and outcome. \$3,600 in CDBG funds was spent for 2 ongoing handicap accessibility projects one of which was completed (Matrix Code 03). \$1,236 was spent on renovation to a senior center (Matrix Code 03A). \$501 of CDBG funds was spent on 2 ongoing improvement projects to Neighborhood facilities (Matrix Code 03E). \$3,172 of CDBG funds was spent on 8 ongoing park and recreation facilities projects (Matrix Code 03F). In FY 2006, \$66,000 of CDBG funds was spent on a youth service program throughout Beaver County for an after school enrichment program that provided tutoring to 163 youth in grades 1-8 from low-income households (Matrix Code 05D). In FY 2006 \$47,997 was spent on handicap accessibility improvements to two parking lots, one of which was completed (Matrix Code 03G). One general public facilities improvement project was ongoing in 2006 (Matrix Code 03). One conversion of a parking lot to a public park and one library addition project were cancelled (Matrix Code 03). One acquisition project for a community center was ongoing (Matrix Code 01). On project that provided a sign for a

non-profit business serving youth and young adults was underway in 2006 (Matrix Code 14E).

To increase the Affordability of Suitable Living Environments for Low Income Persons (SL-2). there are no objectives or outcomes identified under this goal.

To Sustain Suitable Living Environments for Low Income Persons (SL-3) (CD045503, CD014706, CD020201, CD020201, CD023700, CD035515, CD042202, CD042200, CD052201, CD032400, CD065507, CD063503, CD045531, CD060400, CD040502, CD043500, CD053500, CD050203, CD060100, CD04200, CD044700, CD050101, CD0064701, CD060105, CD040203, CD025301, CD045201, CD051400, CD053501, CD053503, CD0054800, CD054800, CD050202, CD060102, CD060201, CD060100, CD063501, CD0064800, CD032400, CD034700, CD040102, CD040500, CD040501, CD044701, CD041200, CD043300, CD05200, CD050201, CD050103, CD050500, CD051200, CD051600, CD052200, CD053700, CD053701, CD054500, CD051100, CD052700, CD060101, CD060200, CD061500, CD062200, CD063500, CD064500, CD064700, CD065200, CD035517, CD063502, CD055511, CD065516, CD065517, 063700, CD033700, CD0401, CD043601, CD045504, CD050102, CD065518, CD060106, CD065504) In FY 2006, one acquisition utilizing \$100,000 in CDBG funds was completed. Three street improvement projects (Matrix Code 03K) and one demolition project (Matrix Code 04) were cancelled in 2006. In FY 2006, \$16,786 of CDBG funds was spent on fair housing activities (Matrix Code 20).

To increase or improve the Availability and/or Accessibility of Economic Opportunities for Low Income Persons (EO-1) (CD045509, CD055505, CD020602, CD035507, CD045507, CD055506, CD014703, CD05518, CD065508, CD05507) In FY 2006, \$50,000 was spent to complete one employment training services project (Matrix Code 05H) and \$40,176 was spent to complete one micro-enterprise assistance project (Matrix Code 18C). In FY2006, four commercial infrastructure development projects were ongoing (Matrix Code 17B), two acquisition projects were ongoing (Matrix Code 01) and one revolving loan project was ongoing (Matrix Code 18A).

To increase Affordability in Economic Opportunities for Low Income Persons (EO-2) (CD05518, CD065512) \$6,500 in CDBG funds were spent on two revolving loan projects that were ongoing in FY 2006 (Matrix Code 18A).

To Sustain Economic Opportunities for Low Income Persons (EO-3) (CD035503, CD055503, CD045503, CD055513) \$375,243 in CDBG funds was spent to rehabilitate 16 buildings and assist 45 businesses in slum and blighted areas. In addition, \$143,379 in CDBG funds was spent on technical assistance and staff support for ten organizations.

To benefit the citizens of Beaver County through planning activities and studies (O-1) (CD052200, CD052201, CD045519, CD045529, CD055504, CD030503, CD040503, CD045526, CD054702, CD035514, CD030202, CD040200, CD040100, CD032500) \$315,464 in CDBG funds was spent to complete seven planning activities and studies (Matrix Code 20). \$132,760.85 in CDBG funds was spent on ten ongoing studies and planning activities (Matrix Code 20).

c. **Beaver County is making progress toward its goals and in reaching its objectives. However, the Fair Housing objectives, which are based on an analysis from 1991, do not adequately reflect the work currently required of the fair housing officer. To address this discrepancy a new analysis of impediments to fair housing is being conducted during the 2007 fiscal year which will help give appropriate direction to the fair housing officer.**

In addition, Beaver County has 106 CDBG projects which have not yet been completed because most projects take two years to complete.

2. **Beaver County plans to adjust its outcomes and objectives for the fair housing program based on an analysis of impediments to fair housing which is being conducted during the 2007 fiscal year. This will better address Beaver County's current fair housing needs.**

3. **Affirmatively Furthering Fair Housing:**

Refer to the Analysis of Impediments to Fair Housing Choice tab for a list, actions and individual analysis done in FY 2006 to overcome the impediments.

a. **Fair Housing activities included outreach, educational workshops and assistance with housing issues. Referrals and information also continued to be a component of the program. Fifty-three calls were made to the Fair Housing Office. Four were referred**

to the Pittsburgh Fair Housing Partnership for investigation as possible discrimination.

Some calls involved landlord/tenant disputes that included cases of eviction or threatened eviction. Many calls concerned an immediate need for housing. The newly retained Housing Specialist follows up in assisting the people who need housing immediate housing find it.

b. Approximately 1,000 brochures were mailed to human service agencies within Beaver County. The Fair Housing Design and Coloring Contest was held with the support of the Beaver County Board of Commissioners. The coloring contest was advertised at the local elementary schools and served as an educational awareness program for all children, regardless of whether they or their families/friends faced housing impediments.

The objective sheets were incorrect in reflecting the performance indicators for the Fair Housing Office listed in Table C – Proposed Activities to Promote Fair Housing choice FY 2005-FY 2009. The Performance Indicators and Expected Numbers were corrected to reflect the measurable indicators associated with the responsibilities of the Fair Housing Office. The revised Objectives sheets DH-3(11) and DH-3(11a) are enclosed. Even with these corrections having been made, the actual numbers for some of the performance indicators continue to vary from the expected numbers. These variations reflect the actual amount of time that the fair housing officer spent on the various areas of work as described by the performance indicators as a result of the actual needs that she had respond to in the course of her work. The actual numbers on the fair housing objectives sheets reflected the actual need found by the fair housing officer in the calls received and amount of work required for the objectives. There was a greater need than anticipated in the area of municipal official education and outreach resulting in an expenditure of \$3,620 more than anticipated. One of the areas of concentrations during the reporting year was to focus on increasing realtors' knowledge of and compliance with the fair housing requirements which required the resources of approximately one-fourth of her budget. This included the redesign of brochures on fair housing which resulted in and expenditure of \$3750 more than anticipated in this area. A significant portion of her work included the coloring contest associated with the local public schools and which continued in popularity in FY 2006. This resulted in the expenditure of \$3,536 more resources than anticipated for this project that educates and outreaches to public school students, parents, teachers and officials. Neither a notable amount of time nor resources was spent on developing a testing program or establishing neighborhood associations to improve the identification of fair housing violation in anticipation of the reorganization of the Housing Consortium. After the Housing Consortium was reorganized, a new contracted position of Housing Specialist was created to include the fair housing officer duties were and other duties related to homelessness and housing issues was created. The new Housing Specialist has been obtaining

fair housing training and networking with organizations that deal with populations who may have fair housing issues. A training program for realtors and other professionals that should understand fair housing laws is being designed. The Analysis of Impediments to Fair Housing will help give direction for this new fair housing officer. The analysis will also include evaluating the need for a fair housing task force and recommendations on its make-up and duties.

- 4. All of the activities carried out during the reporting period with CDBG, HOME, ESG, and other funds were implemented for the purpose of meeting underserved needs. These activities are described throughout the CAPER document. The work of the Community Development Program of Beaver County is based on the premise that federal and other leveraged funding resources will finance underserved needs. These needs are identified through the Consolidated Planning process. For example, affordable housing activities carried out by the Community Development Program of Beaver County benefit low and moderate income households. These households are targeted for homeownership opportunities because they are unable to secure funding on their own from local lending institutions. This has been identified as an underserved need and is the primary basis for the Community Development Program of Beaver County's activities.**

- 5 a. In addition to CDBG, HOME and ESG funds, Beaver County has been successful in leveraging additional resources to carry out various projects during the reporting period. These resources include:**
 - The Capital Fund by the Housing Authority of the County of Beaver**
 - A grant for \$55,598 in Supportive Housing funds to fund the Homeless Management Information System**
 - Beaver County Community Services Block Grant funds of \$365,933 for anti-poverty and self-sufficiency programming**
 - A grant for \$16,1459 in Pennsylvania Homeless Assistance Program funds for case management services, bridge housing and rental assistance**
 - Supportive Work funding in the amount of \$192,832 for a welfare reform initiative employment program**
 - Pennsylvania Accessible Housing Program grant funds in the amount of \$125,000 to rehabilitate housing for persons with physical disabilities**
 - Pennsylvania Redevelopment and Housing Assistance Program funds for the construction of houses for home ownership on a designated Keystone Opportunities Zone site in the City of Aliquippa.**

- b. Local banks participated as limited partners in the Beaver County Homebuyers Program Partnership by making equity contributions as a source of interim financing for acquisition for rehabilitation or resale.**
- c. The county matched its HOME Program expenditures with \$284,493 of PA Act 137 funds, and \$416,905 in carryover credit from prior years.**

Managing the Process

1. Describe actions taken during the last year to ensure compliance with program and comprehensive planning requirements.

Program Year 2 CAPER Managing the Process response:

- 1. The Community Development Program retained the responsibility of administering programs covered by the Consolidated Plan through direct project management and through agreements with subrecipients. CDBG funds were utilized to assist the County in achieving the three national objectives of the program. These objectives are to provide decent housing, create a suitable living environment and expand economic opportunities. Effective program delivery is possible only with the assistance of local agencies and nonprofit organizations that provide insight into the needs of residents. The County continued to utilize the HUD performance measurement system. It has also used additional measurements that the HUD system did not provide so that each of the activities accomplished by the County can be appropriately measured. Subrecipients included Geneva College, Beaver County Corporation for Economic Development, the Corporation for Owner-Operator Projects, The Housing Authority of the County of Beaver, Housing Opportunities of Beaver County, Beaver County Minority Coalition, and Progressive Home Health, Inc. In addition, through contact with and monitoring by the HUD Pittsburgh Regional Field Office, the Community Development Program of Beaver County was assisted in ensuring compliance with requirements. Attendance by the Community Development Program staff at trainings and workshops also helped to enable the Community Development Program of Beaver County to better manage the programs and projects that it oversees. Because the nonprofits are vital partners for the delivery of services and programs to County residents, these organizations are an important part of the Community Development Program of Beaver County's delivery network. During the reporting period, the Community Development Program of Beaver County worked closely with these organizations which also work together, seek guidance from each other and from a valuable network of resources for the County. Please refer to Appendix F for the MBE and WBE Performance reports, which include the MBE and WBE businesses that the Community Development Program contracted with this year.**

Citizen Participation

1. Provide a summary of citizen comments.

2. In addition, the performance report provided to citizens must identify the Federal funds made available for furthering the objectives of the Consolidated Plan. For each formula grant program, the grantee shall identify the total amount of funds available (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of expenditures. Jurisdictions are encouraged to include maps in describing the geographic distribution and location of investment (including areas of minority concentration). The geographic distribution and expenditure requirement may also be satisfied by specifying the census tracts where expenditures were concentrated.

*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

Program Year 2 CAPER Citizen Participation response:

1. **No Citizen comments were received. Please note that the proof of publication from the Beaver County Times was not received by the date this document was submitted to HUD. It will be submitted to HUD when it is received by the Community Development Program of Beaver County. Refer to Appendix B- Proof of Public Display Notice the newspaper ad.**
2. **For a report of the total number of CDBG funds available, committed and expended during the reporting period, please refer to Appendix C – Financial Reports – PR26 and Supplement of this document. During the reporting period, the total number of funds available for the HOME program was \$797,770. The amount of \$588,154 in HOME funds was committed, and \$556,088 was expended. During the reporting period, the total number of funds available for the ESG program was \$142,543. The amount of \$170,018 in ESG funds was committed, and \$66,391 was expended. Please refer to the Geographic Distribution Tables in Appendix A in this document for the geographic distribution of funds.**

Institutional Structure

1. Describe actions taken during the last year to overcome gaps in institutional structures and enhance coordination.

Program Year 2 CAPER Institutional Structure response:

During the reporting period, the County initiated three activities designed to fill gaps that were identified as needing to be addressed in order to meet the expectations of the program.

The County hired a consultant to perform construction management on significant rehabilitation and new construction projects funded all or in part by the HOME Program. The consultant might provide any of the following services, as requested and/or deemed appropriate by the County:

- **Economic feasibility analysis**
- **Site selections**
- **Budget estimates**

- **Overall project administration**
- **Design phase coordination and review**
- **Comprehensive scheduling-design and construction**
- **Constructability reviews**
- **Contractor bidding/selection**
- **Construction coordination and inspection**
- **Cost control**
- **Agency liaison to the project**

The County identified a need for a Housing Specialist/Fair Housing Officer to provide the following services:

- **As a Housing Specialist:**
 - **Serve as the chairperson of the Housing and Homeless Coalition of Beaver County**
 - **Serve as the liaison to agencies, churches, municipalities, community groups and individuals regarding housing and homeless issues**
 - **Oversee, in cooperation with the Executive Board of the Housing and Homeless Coalition of Beaver County, the County's continuum of care process, including the submission of funding applications**
 - **Work with the County Homeless Management Information System (HMIS) to coordinate efforts regarding the HMIS process**
 - **Perform educational and informational symposiums, as appropriate regarding community awareness of housing issues**
 - **Work with groups that are interested in developing homeless shelters and homeless support services**
 - **Identify strengths and weaknesses of the service provision system in addressing homeless and housing issues, working toward advancing communications, streamlining efforts and, advocating for necessary changes and funding solutions**
- **As Fair Housing Officer**
 - **Serve as the County's designated Fair Housing Officer**
 - **Educate and inform residents, municipalities, housing providers, social service providers, providers of legal services and housing support agencies regarding fair housing regulations**
 - **Respond to questions and complaints from residents, finding reasonable resolutions to the issues**
 - **Work to assure compliance with and seek guidance from:**
 - **HUD Section 504 regulations**
 - **Pennsylvania Commission on Human Relations**
 - **National Fair Housing Alliance**
 - **Federal Fair Housing Act**
 - **Work with other regional fair housing agencies for the provision of services to residents outside the scope of work expected from the County for this position**

In order to take a more active role in the successes of minority-owned business enterprises and/or women-owned business enterprises (MBEs/WBEs), the County has made a commitment to promoting

involvement in funded activities and other contract opportunities, and providing educated guidance to parties who are interested in becoming certified MBEs/WBEs.

During the reporting period, the County has accomplished the following:

- ***Organized and attended a meeting with the BMWBO Western Region Representative, the Special Assistant to the Secretary for Western Pennsylvania and the director of the Beaver County Minority Coalition***
- ***Attended a Doing Business with the Commonwealth of Pennsylvania seminar***
- ***Attended PA State Certification for Minority and Women Business Enterprises seminar***
- ***Successfully created a Vendor Admin Number and Registration ID for a minority contractor, providing him with an application and directing him to the certification workshop***
- ***Compiled a mailing list for known MBEs/WBEs in Beaver County***
- ***Contacted the Beaver County Chamber of Commerce to inform them of our efforts and invited them to join us in helping to get more business owners MBE/WBE certified***
- ***Submitted a Public Notice advertisement informing the public that the County intends to facilitate MBE/WBE certification workshops in Beaver County (location and date pending response)***

Monitoring

1. Describe how and the frequency with which you monitored your activities.
2. Describe the results of your monitoring including any improvements.
3. Self Evaluation
 - a. Describe the effect programs have in solving neighborhood and community problems.
 - b. Describe progress in meeting priority needs and specific objectives and help make community's vision of the future a reality.
 - c. Describe how you provided decent housing and a suitable living environment and expanded economic opportunity principally for low and moderate-income persons.
 - d. Indicate any activities falling behind schedule.
 - e. Describe how activities and strategies made an impact on identified needs.
 - f. Identify indicators that would best describe the results.
 - g. Identify barriers that had a negative impact on fulfilling the strategies and overall vision.
 - h. Identify whether major goals are on target and discuss reasons for those that are not on target.
 - i. Identify any adjustments or improvements to strategies and activities that might meet your needs more effectively.

Program Year 2 CAPER Monitoring response:

- 1. The Community Development Program of Beaver County (CDP) kept records on its progress toward meeting the consolidated plan goals and on the statutory and regulatory compliance of each activity. For each activity authorized under the National Affordable Housing Act, the CDP used fiscal and management procedures that ensured program compliance, funds accountability and complete and accurate reporting to HUD. These programs are subject to the Single Audit Act. Similar procedures were followed for non-CDBG funded projects. The County was proactive in reassigning program funds as they became available. Beaver County continued to set up and utilize the performance measurement system including the outcomes, indicators and accomplishments developed by HUD to monitor the productivity of its program. Subrecipient agreements were monitored and managed on an ongoing basis.**
- 2. All subrecipient projects were monitored and found to be in compliance with the requirements. In addition, the Project Managers reported on the progress of each project on a monthly or more frequent basis which resulted in projects being completed more expediently. The Fiscal Coordinator generated monthly financial reports that were reviewed by the Director and assisted in ensuring the timeliness of the expenditure of funds, the reprogramming of funds and the compliance with expenditure caps. In addition, to ensure the timeliness of expenditures, the Community Development Program conducted 6-month budget reviews of expenditures on projects, reviewed monthly IDIS and other financial reports, and examined projections based on active projects. To ensure that accomplishments are reported in a timely fashion, project data was updated in IDIS on a quarterly basis and IDIS data clean-ups were completed.**
- 3. a. A substantial part or 86.45% of the program funding went directly to activities benefiting low income persons. These activities work to help to solve neighborhood and community problems through making suitable living environments, decent housing and economic opportunity available, accessible, affordable and sustainable for individuals, households and communities that are of low and moderate income. These projects helped their communities be better places for low and moderate income people in which to live.**

b. The Community Development Program of Beaver County made progress in meeting its highest priority needs and working toward its five year goals. Refer to the Housing and Community Development Table for accomplishments toward these goals. Please refer to the narrative General Questions Section under 1 a. and b. for a narrative of these accomplishments.

c. Please refer to the narrative General Questions Section under 1 a. and b. for a narrative of these accomplishments.

d. There were no activities that fell behind schedule.

e. The impact that activities made on identified needs are listed in the Housing and Community Development Table and in the narrative General Questions Section under 1 a. and b.

f. The indicators that the Community Development Program of Beaver County used to best describe the results included the number of low and moderate income people or households benefited, the number of public facilities improved, the number of businesses assisted, the number of jobs created and the number of studies completed.

g. The greatest barrier that had a negative impact on Beaver County meeting its goals was the lack of necessary financial resources. Despite this lack of resources, Beaver County continued its strategy of identifying sites that are physically suitable for the development of affordable housing and, where economically feasible, provide such sites with the necessary public infrastructure. The County also pursued economic development activities that would produce jobs. However, because of the time that it takes to develop business parks, no jobs have been created yet. The County pursued activities that enable low-income residents to obtain affordable housing and continued to provide homeownership and rehabilitation assistance programs that benefit low/moderate-income households. The County continues to encourage private investment as a match to public investment, so that we may maximize the opportunities provided through the entitlement funds.

h. Beaver County's goals continue to be on target for most activities. Forty-three more students than anticipated were assisted through an after school tutoring program. An additional 78 low income people who own or want to develop microenterprises than anticipated were given technical assistance. Thirty more businesses were assisted with facade rehabilitation grants than anticipated. For information on housing goals please refer to 1. under the Specific Housing Objectives in this document.

i. The goals, objectives and outcomes will be adjusted to reflect the conclusions from the analysis of impediments to fair housing that is being conducted in FY 2007.

Lead-based Paint

1. Describe actions taken during the last year to evaluate and reduce lead-based paint hazards.

Program Year 2 CAPER Lead-based Paint response:

1. **To continue compliance with federal requirements, the County identified categories of residents to be assisted, housing activities to be undertaken, and the programs and resources in support of those activities. As a result of Beaver County's training efforts, at least four contractors are certified as supervisors. Training continued on an as needed basis. The County secured the services of a certified firm to perform risk assessment, inspections and clearance testing on applicable properties. During the reporting period, 93 units were tested for lead-based paint before work began, with 22 of those units testing positive**

for lead-based paint. A certified contractor removed the lead-based paint before rehabilitation work began in the affected units.

HOUSING

Housing Needs

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe Actions taken during the last year to foster and maintain affordable housing.

Program Year 2 CAPER Housing Needs response:

1. ***Beaver County continued its successful housing rehabilitation initiatives. By offering opportunities for rehabilitation of older housing units owned or rented by low income households, the County was able to assist in the maintenance of affordable housing units and the preservation of neighborhoods. It is an important effort given the limited development of affordable housing units. Rehabilitation also assisted the elderly and disabled in making their homes adaptable to their special needs.***

A total of 131 affordable housing units were maintained or created through the County's CDBG and HOME and ACT 137 programs during the reporting period including 44 owner-occupied units rehabilitated through the Home Improvement Program, 26 owner occupied units weatherized, 20 renter occupied units weatherized, 25 owner-occupied units received emergency repairs, 40 households received homebuyer assistance to purchase their own homes. Nine affordable rental housing units were constructed.

Beaver County continued to solicit proposals from qualified CHDOs and from private developers to develop new rental housing opportunities for low income households. During the reporting period one CHDO application was submitted to the County from Habitat for Humanity. This was approved and they are in the process of applying for funds.

Specific Housing Objectives

1. Evaluate progress in meeting specific objective of providing affordable housing, including the number of extremely low-income, low-income, and moderate-income renter and owner households comparing actual accomplishments with proposed goals during the reporting period.
2. Evaluate progress in providing affordable housing that meets the Section 215 definition of affordable housing for rental and owner households comparing actual accomplishments with proposed goals during the reporting period.
3. Describe efforts to address "worst-case" housing needs and housing needs of persons with disabilities.

Program Year 2 CAPER Specific Housing Objectives response:

1. The total breakdown by household income is described in the Housing Needs Tables of this document. The breakdown for each program by household income is contained in the decent housing objective sheets included in this document under the Objectives tab. The goals in Objective DH-2(2) were adjusted in FY 2006 because they did not reflect the percentage breakdown required by the Housing Choice Voucher program. The weatherization program is consistently exceeding its goal by approximately 35 households. The Emergency Home Improvement Program has exceeded its goal by 60 households this year. A total of 1880 units of privately owned affordable rental housing were provided which is 580 above the County's goal.

An additional 220 people were assisted through the shelter system than anticipated. An additional 47 elderly people were served through the homeowner rehabilitation programs than anticipated. No accessibility projects were completed through the County's Pennsylvania Accessible Housing Program because the funding was received too late in the fiscal year to accomplish the renovations. The number of public housing units renovated to accessibility standards was less than anticipated. The general rehabilitation of public housing is higher than anticipated for extremely low income households and lower than anticipated for very low and low income households. The number of public housing residents participating in life skills programs offered through the Housing Authority of the County of Beaver is two times the anticipated number. The number of elderly in public housing assisted with supportive services is much more than anticipated at 1860. The number of low-income persons assisted through control of rats is 1,125 more than anticipated. No new units of permanent housing with supportive services for people with mental health disabilities were created through tenant based rental assistance because the Supportive Housing funding was not granted in 2006.

2. The County created 59 Section 215 rental housing opportunities and 116 Section 215 homeowner opportunities through the CDBG, HOME, ADDI and Act 137 funded programs. The County exceeded its Section 215 renter goal of 35 by 24. The County was below its Section 215 owner goal of 123 by 31. However, the County exceeded its overall goal of 158 by 12 by providing a total of 170 Section 215 opportunities.

3. The "worst-case" housing needs continue to be housing for young adult males and females (Ages 18-25) with co-occurring disorders, such as drug and alcohol with mental health issues. These are typically "hard to place" individuals who have failed in other programs and who have "burned bridges" with public housing and other affordable housing programs. Beaver County's Continuum of Care has supported the application of Supportive Services, Inc. through the 2006 Supportive Housing Program to provide 8 new units of housing and support for individuals who are challenged by these issues. However, this project was not granted funding by HUD. In FY 2007, Beaver County's Continuum of Care submitted an application for Supportive Housing funds for renewal of a project to assist 8 persons with "worst-case" housing needs.

Beaver County administered the Homeless Assistance Program funded through the Pennsylvania Department of Public Welfare. Through this program \$153,675 were spent to assist 695 homeless and near-homeless persons with emergency shelter, transitional housing, rental assistance, utility arrearage assistance and other supportive services. In addition 406 persons were assisted through the Emergency Shelter Grant program where \$156,328 in ESG funds were used to fund supportive services, operations for shelters, homeless prevention, and financial assistance to avoid homelessness.

Public Housing Strategy

1. Describe actions taken during the last year to improve public housing and resident initiatives.

Program Year 2 CAPER Public Housing Strategy response:

- 1. The Housing Authority of the County of Beaver completed renovations on 393 units. To facilitate the identification of necessary renovation work at its public housing communities, the Housing Authority of the County of Beaver worked closely with its tenant councils. Tenant councils met on a regular basis at each complex. Tenant council representatives were invited to attend Resident Advisory Board meetings at the Housing Authority's main office to provide input on issues related to public housing.**

Barriers to Affordable Housing

1. Describe actions taken during the last year to eliminate barriers to affordable housing.

Program Year 2 CAPER Barriers to Affordable Housing response:

- 1. Please refer to Appendix D - Barriers to Affordable Housing chart of this document for this information**

HOME/ American Dream Down Payment Initiative (ADDI)

1. Assessment of Relationship of HOME Funds to Goals and Objectives
 - a. Evaluate progress made toward meeting goals for providing affordable housing using HOME funds, including the number and types of households served.
2. HOME Match Report
 - a. Use HOME Match Report HUD-40107-A to report on match contributions for the period covered by the Consolidated Plan program year.
3. HOME MBE and WBE Report
 - a. Use Part III of HUD Form 40107 to report contracts and subcontracts with Minority Business Enterprises (MBEs) and Women's Business Enterprises (WBEs).
4. Assessments

- a. Detail results of on-site inspections of rental housing.
- b. Describe the HOME jurisdiction's affirmative marketing actions.
- c. Describe outreach to minority and women owned businesses.

Program Year 2 CAPER HOME/ADDI response:

1. a. ***With HOME funds the County spent \$100,000 for the Home Improvement Program rehabilitating 44 owner units, 9 of which were occupied by extremely low income (< 30% MFI), 12 by low income (30% to 50% MFI), and 26 by low moderate income (50% to 80% MFI) households. In FY 2006, \$42,569 was utilized to assist 33 households with tenant-based rental assistance. Through the Homebuyer program, \$13,545 in ADDI funds was utilized to assist a total of 6 homebuyers Two very low income households(30%<50% MFI) rented apartments that were constructed with HOME funds. Two low income households(50%<80% MFI) rented apartments that were constructed with HOME funds.***
2. a. ***The HOME Match Report is attached as Appendix E of this document.***
3. a. ***The HOME MBE and WBE Report is attached as par of Appendix E of this document.***
4. a. ***Affordable units were inspected during the reporting period by the Housing Coordinator for the Community Development Program of Beaver County. All properties met Minimum Housing Quality Standards (HQS) and provided safe, affordable, quality rental housing. Copies of the inspection reports are maintained on file in the offices of the Community Development Program. The following HOME-funded rental housing properties were inspected during the reporting year:***
 - ***Gerry Roppo - McMinn I***
 - ***Admar - Freedom School***
 - ***McGuire Homes***
 - ***KELAR***
 - ***Colonna Hill - Adams Street***
 - ***HELP - Locust Street***
 - ***Supportive Services -1408 6th Avenue Beaver Falls***
 - ***Supportive Services - 418 11th Street Beaver Falls***
 - ***HELP - Duss Avenue***
 - ***Gerry Roppo - Glenwood Ave***
 - ***Harbor Point - 447 Delaware Ave***
 - ***HELP - 705 Jefferson St***
 - ***Gerry Roppo - 23rd St Phase I Aliquippa***
 - ***Harbor Point - 344 Elm St***
 - ***Harbor Point - 1501 6th***
 - ***Harbor Point - 631 Beaver Road***
 - ***Harbor Poitn - 528 Case Street Rochester***
 - ***Harbor Point - 2305 7th Ave***
 - ***Gerry Roppo - 23rd St. Phase II Aliquippa***
 - ***Keller - Autumnwood Place Rochester***

- **Supp Services - Sheridan Place**

- b. In accordance with Beaver County's commitment to non-discrimination and equal opportunity in housing, the County has established procedures to affirmatively market housing units rehabilitated or assisted under the HOME Investment Partnerships Program. These procedures are intended to further the objectives of Title VIII of the Civil Rights Act of 1968 and Executive Order 11063. Beaver County believes that individuals of similar economic levels in the same housing market area should have a similar range of housing choices available to them regardless of their race, color, religion, sex, familial status, handicap, or national origin. Individuals eligible for public housing assistance or individuals who have minor children should also have a similar range of housing choices available to them. Beaver County implemented this policy through affirmative marketing procedures designed for the HOME Investment Partnerships Program. All participants in the HOME program must agree in writing to abide by the County's Affirmative Marketing Policy. The Affirmative Marketing Policy becomes part of the loan agreement that is signed by the owner of a rental project. CHDOs or other subrecipients' agreements specify the Affirmative Marketing Procedures that must be followed. Under the ADDI program, Housing Opportunities, the organization that conducts the Homebuyer program, and the Housing Authority of the County of Beaver distributed brochures describing the program to residents, tenants, and families that were potentially eligible. Brochures were also given to lending institutions for distribution. Housing Opportunities also provided a housing counselor who regularly met with public housing tenants and their families at the community centers located within each public housing area. The counselor provided information on the program, assisted with credit reviews, counseled the tenants on improving credit records, and prepared the tenant to purchase a home. These counseling services were also provided to persons participating in the Homebuyer program who were not living in public housing.**
- c. Beaver County continues to work with WBE and MBE developers, consultants and contractors in the HOME program whenever possible. Beaver County's HOME and ADDI minority outreach efforts are included in Appendix F MBE and WBE Performance Reports for CDBG and HOME of this report.**

HOMELESS

Homeless Needs

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Identify actions taken to address needs of homeless persons.
2. Identify actions to help homeless persons make the transition to permanent housing and independent living.
3. Identify new Federal resources obtained from Homeless SuperNOFA.

Program Year 2 CAPER Homeless Needs response:

- 1. Beaver County continues to support efforts to address homeless issues by providing assistance to human service agencies through the Emergency Shelter Grant Program, the PA Homeless Assistance Program, and the PA Act 137 Housing Trust Fund. Homeless issues are addressed on a case-by-case basis to serve needs specific to the individual or family.**

The County funds a homeless helpline that operates 24 hours a day, seven days a week. The hotline offers referrals specific to the individual caller's needs.

The County employs a database system of tracking housing requests for homeless and near homeless individuals. The Homeless Management Information System (HMIS) was instituted to better track homeless. In FY 2006, 137 people were assisted through the HMIS program.

- 2. In 2006, Friendship Homes continued a permanent housing program for homeless individuals, provided on a countywide, scattered site basis. The program, managed by the local Salvation Army, operates nine units with a total of 23 beds. The individuals who participate in this program are admitted with an emergency homeless need. Participants work with a case manager to identify issues that are keeping them from obtaining self-sufficiency. While in the program, the individual receives services in the identified areas of need, such as employment training, family relationships, daily living skills, budgeting, drug and alcohol counseling and/or mental health services. Although Friendship Homes is structured as a permanent housing program, the ultimate goal of the program is to assist the individuals to reach their goal of achieving independence as a private renter or homeowner. In addition, the Housing Specialist attended training from National City Bank regarding its Family Savings Accounts program, which provides extensive financial planning to low income families who participate in its program.**

The County also continued to support permanent housing for homeless through programs operated by Supportive Services and Harbor Point Housing.

- 3. Beaver County was awarded \$55,693 through the 2005 Homeless SuperNOFA to establish a formal HMIS system. The system "went live" in FY 2006 and is the current countywide database. Unfortunately, because of the confidentiality regulations the system is unable to share "real time" information and will not eliminate the duplication of counts of some homeless. The system does provide valuable information regarding vacancies and available services. The system also allows the County to generate reports that will assist in determining successes and identifying service or program needs.**

Specific Homeless Prevention Elements

1. Identify actions taken to prevent homelessness.

Program Year 2 CAPER Specific Housing Prevention Elements response:

- 1. The County has made great efforts in the area of homeless prevention. The Homeless Helpline is currently managed by CONTACT Beaver Valley and is a 24 hour a day, seven day a week telephone helpline that is staffed to receive calls and make appropriate housing referrals through the use of the County's Homeless Resource Directory. The homeless resource directory was uploaded to a countywide database that is being used by social service agencies that assist the homeless.**

The HMIS system was up and running and began to work with service providers such as the Aliquippa Alliance for Unity and Development.

The County continued to provide funding through state Homeless Assistance Program sources for homeless prevention through a rental assistance program. This program also provided assistance for utility and mortgage payment arrearages and down payment and security deposit costs.

The County Office of Veterans Affairs continued to provide support, including collaboration with the Pittsburgh area Vietnam Veterans Leadership Program that provides resources to veterans relating to homeless issues.

And additional point-in-time survey was conducted in the summertime months to obtain more accurate street counts of people who are homeless and to raise awareness about homelessness.

Emergency Shelter Grants (ESG)

1. Identify actions to address emergency shelter and transitional housing needs of homeless individuals and families (including significant subpopulations such as those living on the streets).
2. Assessment of Relationship of ESG Funds to Goals and Objectives
 - a. Evaluate progress made in using ESG funds to address homeless and homeless prevention needs, goals, and specific objectives established in the Consolidated Plan.
 - b. Detail how ESG projects are related to implementation of comprehensive homeless planning strategy, including the number and types of individuals and persons in households served with ESG funds.
3. Matching Resources
 - a. Provide specific sources and amounts of new funding used to meet match as required by 42 USC 11375(a)(1), including cash resources, grants, and staff salaries, as well as in-kind contributions such as the value of a building or lease, donated materials, or volunteer time.
4. State Method of Distribution

- a. States must describe their method of distribution and how it rated and selected its local government agencies and private nonprofit organizations acting as subrecipients.
5. Activity and Beneficiary Data
- a. Completion of attached Emergency Shelter Grant Program Performance Chart or other reports showing ESGP expenditures by type of activity. Also describe any problems in collecting, reporting, and evaluating the reliability of this information.
 - b. Homeless Discharge Coordination
 - i. As part of the government developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very-low income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.
 - c. Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.

Program Year 2 CAPER ESG response:

1. *During the reporting period, Beaver County used its annual Emergency Shelter Grants (ESG) fund allocation to help address various homeless issues in the County. During the reporting period, the County budgeted ESG funds for rehabilitation of transitional housing units and homeless facility operating costs. There were no specific plans to open any new emergency shelters. Renovations to one existing emergency shelter were completed. The County's focus was the implementation of strategies to assist homeless individuals and families through the provision of transitional housing opportunities. To achieve this objective, the County expended its ESG funds as follows:*

- ***Beaver County Community Housing Development Organization, Inc. (BCCHDO) - BCCHDO was granted \$27,832 (ESG 05) which was unexpended at the end of the reporting period.***
- ***Supportive Services, Inc. - Supportive Services was granted \$36,368 (ESG 04) and expended the entire amount. Supportive Services was granted \$66,640 (ESG 05) and expended \$36,065. Supportive Services was granted \$65,344 (ESG 05) and expended \$13,358.***
- ***Voluntary Action Center - Voluntary Action Center was awarded \$9,511 (ESG 04) and expended a total of \$6,386.***
- ***The Salvation Army was awarded \$25,745 (ESG 05) for supportive services. All funds were expended in FY 2006.***
- ***The Women's Center was awarded \$35,000 (ESG 06) for operation. No funds were expended in FY 2006.***
- ***ESG 05 funds in the amount of \$3,907 were used for administration. ESG 06 funds in the amount of \$3,686 were used for administration.***

Beaver County continued to invest its ESG entitlement in a timely manner. To ensure timeliness, ESG projects are monitored monthly by the project manager. The very limited funding resources received by the County were distributed to several local nonprofit organizations that have demonstrated excellent administrative capacity. In addition to providing assistance to homeless families and individuals through these organizations, the County also establishes a priority for assisting those who are at risk for becoming homeless. These families and individuals are typically provided financial assistance to pay for rent and utilities in order to remain in their current homes. Preventing homelessness in these situations can often require fewer financial resources in the long-term.

2. a. These activities address the objective of making decent housing accessible and/or affordable to low moderate income persons. Through non-profit organizations and other public agencies, Beaver County Beaver County spent \$156,328 in ESG funds to provide assistance to the homeless population and those at risk of becoming homeless. Refer to Outcome Sheets for further information.

b. 276 people were provided emergency shelter and 130 were provided transitional housing. Two-hundred eight people were assisted with security deposits, utility assistance, rental assistance and/or mortgage assistance. In addition, 33 people were provided with tenant-based rental assistance to prevent them from being homeless.

3. A total of \$66,391 in ESG program expenditures was matched with a total of \$1,139,279 in other grant funds, fundraising and donated goods. The following matching funds or in-kind services were secured for the ESG program expenditures during the reporting period. No volunteer service hours were used as match during the reporting period.

- The total ESG expenditures by Beaver County Community Housing Development Organization, Inc. (BCCHDO) during the reporting period were \$28,832. No matching funds were made by BCCHDO.**
- The total ESG expenditures by Supportive Services Inc. during the reporting period were \$85,792. This amount was matched with \$915,208 in funding from the local MH/MR office and donations of bakery goods worth approximately \$106,000 from a local grocery store chain.**
- The total ESG expenditures by Voluntary Action Center during the reporting period were \$6,386. This amount was matched with \$39,000 in HAP funds, \$58,071 in CSBG funds and \$21,000 raised through events held in the community.**

In addition, a total of \$153,675 in HAP funds was received in FY 2005 of which \$7,500 was used by the Beaver County Community Development Program for Administration of the program. The remaining funds were distributed as follows:

- **Voluntary Action Center received \$39,000 to provide rental and utility assistance to persons at risk for homelessness.**
 - **BCCHDO received \$26,250 for operation of a transitional shelter.**
 - **Contact Beaver Valley received \$3,500 to run the Homeless Helpline.**
 - **The Women's Center of Beaver County received \$16,500 to provide case management services and \$5,425 for emergency shelter operations.**
 - **Harbor Point Housing received \$39,000 to provide case management services.**
 - **The Women's Center of Beaver County received \$13,500 for the Bridge Housing Program which provides transitional housing services.**
 - **The Salvation Army received \$3,000 to provide emergency housing services.**
- 4. Beaver County is not a state entity therefore this item is not applicable.**
- 5. a. Beaver County spent \$66,391 on shelter operations that served 406 people. There were no problems in collecting, reporting or evaluating the reliability of this data.**

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

1. Assessment of Relationship of CDBG Funds to Goals and Objectives
 - a. Assess use of CDBG funds in relation to the priorities, needs, goals, and specific objectives in the Consolidated Plan, particularly the highest priority activities.
 - b. Evaluate progress made toward meeting goals for providing affordable housing using CDBG funds, including the number and types of households served.

- a. Identify the type of program and number of projects/units completed for each program.
 - b. Provide the total CDBG funds involved in the program.
 - c. Detail other public and private funds involved in the project.
13. Neighborhood Revitalization Strategies – for grantees that have HUD-approved neighborhood revitalization strategies
- a. Describe progress against benchmarks for the program year. For grantees with Federally-designated EZs or ECs that received HUD approval for a neighborhood revitalization strategy, reports that are required as part of the EZ/EC process shall suffice for purposes of reporting progress.

Program Year 2 CAPER Community Development response:

- 1. a. Please see Completed Projects tab of this document for a list of completed projects and the narrative in the General Questions section above. Please refer to the tab labeled Ongoing Projects of this document for a list of ongoing projects. Canceled projects are listed in the Canceled Projects Tab. Please see the tab labeled Objectives for the Objective and Outcome sheets which include all projects. The highest priority activities were the Public Facilities and Improvements projects**

(including Parks, Recreational Facilities, Parking Facilities, Flood Drain Improvements, Water/Sewer Improvements, Street Improvements, and Sidewalks), Acquisition, Clearance, Public Services, Youth Services, Employment Training, Rehabilitation of Single Unit Residences, Rehabilitation of publicly or Privately-Owned Commercial/Industrial buildings, Non-Residential Historic Preservation, Commercial/Industrial Infrastructure and Development, Economic Development Technical Assistance, Planning Activities, General Program Administration and Fair Housing Activities. The amount of \$2,706,136 or 57.8% of \$4,686,670 in CDBG funds spent during the reporting period was expended on the highest priority projects in Beaver County.

b. Through the Emergency Home Improvement Program, repairs were made to:

- **Seven elderly (two persons with either person 62 years old or over) and 6 small (two persons, neither person 62 years old or over, or three or four persons) and one large (three or four persons) owner household with incomes less than 30% of Median Family Income**
- **Two elderly, five small and one large (five or more persons) owner households with incomes between 30% and 50% of the Median Family Income**
- **One elderly, four small and 1 large owner households with incomes between 50% and 80% of the Median Family Income.**

Through the Weatherization program, energy efficiency improvements were made to:

- **Ten elderly, 14 small and two large owner households with incomes less than 30% of Median Family Income**
- **Two elderly, 20 small and one large renter households with incomes less than 30% of Median Family Income**

Through the Home Improvement Program repairs were made to:

- **Three elderly and 6 small owner households with incomes less than 30% of Median Family Income**
- **Six elderly, five small and two large owner households with incomes between 30% and 50% of the Median Family Income**
- **Eleven elderly, 12 small and three large owner households with incomes between 50% and 80% of the Median Family Income.**

The repairs to these homes allowed decent affordable housing to be sustained for these families.

c. A total of \$2,790,822.53 in CDBG funds or 86.45% was expended on activities that benefited extremely low-income, low-income, and

moderate-income persons in Beaver County. Please refer to Appendix C-Financial Reports – PR26 and Supplement for more information.

2. a. On July 17, 2007, the County amended its Five Year Consolidated Plan to comply with the requirements of HUD's performance measurement system. Otherwise, Beaver County would not change its CDBG program at this time.

3. a. Beaver County made an application and received the federal entitlement funds as listed in the Consolidated Plan. It was granted \$3,958,547 in CDBG funds, \$809,950 in HOME funds, \$13,545 in ADDI funds, and \$170,081 in ESG funds. Beaver County received \$395,570 in Supportive Housing Program funding. The following funds were applied for and/or received from the state of Pennsylvania:

- Pennsylvania Accessible Home funds in the amount of \$125,000***
- PA Department of Public Welfare Homeless Assistance Program funds in the amount of \$156,784***
- Elm Street Program funds in the amount of \$50,000***
- Supported Work Program funds in the amount of \$136,983***
- Community Services Block Grant Program in the amount of \$365,933***

Local funding consisted of \$194,585 in Act 137 Affordable Housing funds.

b. The County issues Certifications of Consistency with the Consolidated Plan for HUD programs in a fair and impartial manner. The projects are reviewed in relationship to the goals and objectives of the Consolidated Plan. In addition, the County provides certifications to those entities submitting applications to HUD so that applications can be submitted in a timely manner. During the reporting period, the County certified the consistency of the Annual Agency Plan of the Housing Authority of the County of Beaver for Fiscal Year 2007. In addition, the County certified the consistency of the Supportive Housing Program Application which included the Stone Harbour, The Freedom Project, Melrose Place and Young Consumers programs as well as the Housing Authority of the County of Beaver's TBRA and HMIS programs. The County certified the consistency of the Passavant Memorial Homes X project. The County also certified the Sisters of St. Joseph Project.

c. The County continued its implementation of the Consolidated Plan. The activities implemented were a part of the Consolidated Plan and were determined through the Citizen Participation process as well as through the application process. Beaver County did not hinder Consolidated Plan implementation by action or willful inaction.

4. a. All funds were used to meet national objectives.

- b. During the reporting period, the expenditures complied with overall benefit certification.*
- 5. a. b. and c. No activities undertaken during the reporting period resulted in resident displacement.*
- 6. a. b. and c. During this reporting period, no low/mod jobs were created.*
- 7. a. All non-presumed low-moderate clientele activities require proof of income and all beneficiaries are determined to be in the low-moderate income ranges.*
- 8. a., b., c. and d. Please refer to Appendix C – Financial Reports – PR26 & Supplement of this document.*
- 9. a., b., c. and d. There were no activities that were disallowed during this period.*
- 10. a., b., c. and d. Please refer to Appendix C – Financial Reports – PR26 & Supplement of this document.*
- e. There are no parcels of property owned by Beaver County or its subrecipients that have been acquired or improved using CDBG funds and are available for sale as of the end of this reporting period.*
- 11. a., b., c. and d. No Lump Sum Agreements were made during the reporting period.*
- 12. a. Through the Emergency Home Improvement Program, emergency repairs were made to 28 owner units. Through the Weatherization program, energy efficiency improvements were made to 26 owner units and 23 renter units. Through the Home Improvement Program repairs were made to 44 owner units.*
b. A total of \$898,789 in CDBG funds was spent for these activities.
c. A total of \$100,000 in HOME funds was also spent for the Home Improvement Program.
- 13. The U.S. Department of Housing and Urban development (HUD) has approved Neighborhood Revitalization Strategy Area (NRSA) submissions from both the City of Aliquippa and the City of Beaver Falls. In accordance with HUD requirements, the progress of the approved NRSAs is reported on by reference and linkages with the Consolidated plan as noted below.*

Aliquippa Neighborhood Revitalization Strategy:

Housing

- a. The City of Aliquippa will seek to have additional owner-occupied homes rehabilitated through beaver County's Home Improvement Program. During the reporting period eight homes were rehabilitated in the City of Aliquippa through the Home Improvement Program.*

- b. The City of Aliquippa will pursue its goal of increased homeownership via the Housing Authority of Beaver County Homeownership Program. Beaver County Act 137 funds will be used in conjunction with Housing Authority funds, Federal Home Loan Band funds and equity from a limited partnership to stimulate homeownership in Aliquippa. These programs expect to assist households in Beaver County in FY 2006 via pre-purchase and post-purchase counseling, down payment/closing cost assistance and appraisal gap subsidies. In FY 2006, three low income families were assisted through the Homeownership Program in purchasing their homes in the City of Aliquippa.**
- c. The County's Consolidated Plan was amended to contain 50,000 for spot demolition/clearance of 17 structures throughout the city. Removal of vacant dilapidated structures will eliminate blighting influences and potential safety hazards, thereby improving the quality of life for area residents. No buildings were cleared through this program during the reporting period.**

Economic Development

- 1. The Consolidated Plan contains \$148,000 for Main Street Planning to assist ten county business districts. The Aliquippa Franklin Avenue Development Committee participates in Beaver County's Main Street Network in revitalizing the City's Central Business District (CBD) and make it a more economically viable business district. In FY 2006, Aliquippa participated in the County's Main Street Network program.**
- 2. The Consolidated Plan contains \$350,000 for façade improvements in ten county business districts. The Aliquippa Franklin Avenue Development Committee participates in Beaver County's Façade Improvement Program. In FY 2005, one Façade renovation project was completed in Aliquippa. The Franklin Avenue Development Committee also participated in Beaver County's Architectural Conceptual Design Program.**

Infrastructure

The Consolidated Plan includes \$125,000 for repaving three streets in the City of Aliquippa. In FY 2006, three street improvement projects were completed and one was underway in the City of Aliquippa. A total of \$121,352 in CDBG funds was spent on these projects.

Supportive Services

The County's Consolidated Plan includes \$170,018 to support non-profit organizations that provide emergency housing to homeless individuals and families, help prevent homelessness and eviction, provide transitional housing or create permanent housing. These organizations include the Women's Center, Supportive Services and Beaver County Community Housing Development Organization, Inc. Clients of these non-profit agencies include the city of Aliquippa residents. In FY 2005, \$66,391 in ESG funds was spent on these activities.

Beaver Falls Neighborhood Revitalization Strategy

Housing

- 1. Based on past participation levels, the City of Beaver Falls can expect to have additional owner-occupied homes rehabilitated through Beaver County's Home Improvement Program. During the reporting period, six homes were rehabilitated through the Home Improvement Program.**
- 2. The City of Beaver Falls will pursue its goal of increased homeownership via the Beaver County Housing Authority's Homeownership Program. Beaver County Act 137 funds will be used in conjunction with Housing Authority funds, Federal Home Loan Band funds and equity from a limited partnership to stimulate homeownership in Beaver Falls. These programs expect to assist households in Beaver County in FY 2006 via pre-purchase and post-purchase counseling, down payment/closing cost assistance and appraisal gap subsidies. In FY 2006, four low income families were assisted through the Homeownership Program in purchasing a home in the City of Beaver Falls.**

Economic Development

- 1. The Consolidated Plan contains \$148,000 for Main Street Planning to assist ten county business districts. The Beaver Falls Business District Authority participates in Beaver County's Main Street Network in revitalizing the City's Central Business District (CBD) and make it a more economically viable business district. In FY 2006, Beaver Falls received services through the County's Main Street Network program.**
- 2. The Consolidated Plan contains \$350,000 for façade improvements in ten county business districts. The Beaver Falls Business District Authority participates in Beaver County's Façade Improvement Program. In FY 2005, six façade renovation projects were completed in Beaver Falls. The Beaver Falls Business District Authority also participates in Beaver County's Architectural Conceptual Design Program.**

Infrastructure

The Consolidated Plan includes \$75,000 for street improvements in the City of Beaver Falls. A portion of this will be used to repave two streets in the city's target Housing Improvement Area. These improvements will address poor street conditions in this area, improve the quality of life for area residents, and support housing development in the target area. In FY 2006, three street improvement projects were completed and three were underway in the City of Beaver Falls. A total of \$79,209 in CDBG funds was spent on these projects.

Supportive Services

The County's Consolidated Plan includes \$170,018 to support non-profit organizations that provide emergency housing to homeless individuals and families, help prevent homelessness and eviction, provide transitional housing or create permanent housing. These organizations include the Women's Center, Supportive Services and Beaver County Community Housing Development Organization, Inc. Many of the clients of these non-profit agencies live in the Beaver Falls area. In FY 2006, \$66,391 in ESG funds was spent on these activities.

Antipoverty Strategy

2. Describe actions taken during the last year to reduce the number of persons living below the poverty level.

Program Year 2 CAPER Antipoverty Strategy response:

1. ***Beaver County, through the Community Services Program, is committed to supporting projects that have an impact on the causes of poverty in our communities and to work toward a holistic approach at combining efforts to promote and facilitate self-sufficiency.***

The County has utilized \$403,487 of the Community Services Block Grant to fund six services under a subcontract with 12 providers and to conduct administration of the program. The projects and/or services meet locally determined needs relevant to low income individuals/families and vulnerable population groups such as children, individuals with developmental disabilities, elderly, and persons with mental illness.

A list of the services for which funding was provided and the targeted populations that were served is as follows:

Self-Sufficiency

Beaver County Head Start (\$30,362 serving 110 individuals) This project engages a minimum of 30 "high risk" families in Beaver County in a process of problem solving using a "mentoring" model of intensive case management including counseling and development of an individual Family Service Plan. The "mentor"/social worker will remain involved with each family three months on average or longer as needed, identifying short and long term objectives with the families and educate them about community resources, advocating for themselves, and developing problem solving skills to meet future problems with strengthened personal skills.

Education

Beaver County Head Start (\$14,488 serving 525 individuals) "Project Start" provides drug, alcohol and violence abuse lessons, in a classroom setting, to low income children and their parents or guardians.

Emergency Services

The Women's Center of Beaver County (\$23,751 serving 172 individuals) "Sexual Assault/Domestic Violence Outreach Prevention Education" program provides education services to individuals from the community that are low income and/or a high risk for abuse and to current victims of abuse who have sought the center for help.

Contact Beaver Valley (\$25,594 serving 2,812 individuals) provides a telephone helpline, crisis intervention service and reassurance

program staffed by trained volunteers who respond confidentially to human need 24 hours per day.

Employment

Beaver County Rehabilitation Center, Inc. (\$34,580 serving 80 individuals) provides employment training from initial assessment to competitive placement to low income individuals with disabilities. The program also provides training for individuals to upgrade their current employment status.

Income Management

The Alliance for Consumer Protection (\$19,040 serving 275 individuals) provides consumer services to the client group including consumer credit counseling, budgeting and money management strategies, payment plans for debts, consumer education on making contracts, complaint-mediation, and consumer education about securing credit and loans.

Linkages

Big Brothers/Big Sisters of Beaver County (\$20,020 serving 328 individuals) provides services, transportation to training programs and education field trips and one-to-one mentors to disadvantaged youth who are not currently being served through the traditional Big Brothers / Big Sisters Program. The program also provides training and supervision to adult volunteers who will serve as mentors to the children.

Voluntary Action Center of Beaver County (\$58,071 serving 4000 individuals) provides for basic human needs to low-income/working poor in Beaver County. Provision is made for medical equipment, clothing, furniture, appliances, Christmas gifts, rent/utility assistance and referral to other support agencies.

Neighborhood Legal Services Association (\$28,314 serving 350 individuals) provides service to high priority cases and to individual's participation in consumer clinics. The consumer clinic provides a means of training clients to assist them in resolving consumer problems such as debt collection and harassment. Free legal representation is made available for those whose problems progress to court proceedings.

Homemaker Home Health Services of Beaver County, Inc. (\$36,732 serving 35 individuals) Caregiver Relief Program provides a weekly respite to caregivers of low income residents with disabilities. The respite service is offered to the caregivers, free of charge, to provide time away from their responsibilities.

Aliquippa Alliance for Unity and Development (\$22,325 serving 2580 individuals) Outreach and Referral Service provides assistance to low income individuals in accessing information regarding energy

assistance, community based workshops, job listings in cooperation with the Beaver County Job Center, and other social services programs.

Housing

Habitat for Humanity (\$23,751 serving 37 individuals) is a non-profit, self-help housing program that enables low-income persons to obtain housing. The program is designed to assist eligible persons to become self-sufficient through skills development and home ownership. Partner families are required to donate 500 (250 hours if single adult head of household) hours of "sweat equity" in their home and in other partner families' homes.

The Community Services Program of Beaver County also administers additional programs as follows:

Supported Work Program through a subcontract arrangement with the Beaver County Rehabilitation Center. The project has been very successful to date in assisting in the attainment of competitive employment for 90% of its referrals.

Homeless Assistance Program through subcontracts that are made with local social services.

NON-HOMELESS SPECIAL NEEDS

Non-homeless Special Needs

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

2. Identify actions taken to address special needs of persons that are not homeless but require supportive housing, (including persons with HIV/AIDS and their families).

Program Year 2 CAPER Non-homeless Special Needs response:

1. Actions and Accomplishments to Serve People with Disabilities

Because of receiving the funding late in the fiscal year, The Beaver County Community Development Program provided Pennsylvania Accessible Housing grant funding to assist in the rehabilitation of no housing units which benefited persons with disabilities during the reporting period.

The Housing Authority of the County of Beaver continued to implement its Section 504 Assessment recommendations. With an overall goal of making 5% of the public housing stock accessible to persons with disabilities, the Housing Authority received approval for its Section 504 plan from HUD in March 2005. Renovations to meet Uniform Federal Accessibility Standards (UFAS) were completed at the following locations:

- **Pleasantview Homes (3 units)**

In addition, the Housing Authority of the County of Beaver added the following new accessible units at the following locations:

- ***Morado Dwellings (7 units)***
- ***Gordon Camp Apartments (4 units)***
- ***Pleasantview Homes (3 units)***

The County continued providing CDBG assistance to the OVR New Hire Program. This program provides funding for administration of job training and placement services to persons with disabilities. During the reporting period, 19 disabled adults were assisted.

A total of \$53,906 was spent to on two public facility improvements for handicapped accessibility. Two projects were completed and seven were underway in FY 2006.

Thirteen low income homeowners with disabilities were assisted through the County's Weatherization Program and one low income homeowner with disabilities was assisted through the County's Home Improvement Program.

Specific HOPWA Objectives

*Please also refer to the HOPWA Table in the Needs.xls workbook.

1. Overall Assessment of Relationship of HOPWA Funds to Goals and Objectives
Grantees should demonstrate through the CAPER and related IDIS reports the progress they are making at accomplishing identified goals and objectives with HOPWA funding. Grantees should demonstrate:
 - a. That progress is being made toward meeting the HOPWA goal for providing affordable housing using HOPWA funds and other resources for persons with HIV/AIDS and their families through a comprehensive community plan;
 - b. That community-wide HIV/AIDS housing strategies are meeting HUD's national goal of increasing the availability of decent, safe, and affordable housing for low-income persons living with HIV/AIDS;
 - c. That community partnerships between State and local governments and community-based non-profits are creating models and innovative strategies to serve the housing and related supportive service needs of persons living with HIV/AIDS and their families;
 - d. That through community-wide strategies Federal, State, local, and other resources are matched with HOPWA funding to create comprehensive housing strategies;
 - e. That community strategies produce and support actual units of housing for persons living with HIV/AIDS; and finally,
 - f. That community strategies identify and supply related supportive services in conjunction with housing to ensure the needs of persons living with HIV/AIDS and their families are met.
2. This should be accomplished by providing an executive summary (1-5 pages) that includes:
 - a. Grantee Narrative
 - i. Grantee and Community Overview

- (1) A brief description of your organization, the area of service, the name of each project sponsor and a broad overview of the range/type of housing activities and related services
 - (2) How grant management oversight of project sponsor activities is conducted and how project sponsors are selected
 - (3) A description of the local jurisdiction, its need, and the estimated number of persons living with HIV/AIDS
 - (4) A brief description of the planning and public consultations involved in the use of HOPWA funds including reference to any appropriate planning document or advisory body
 - (5) What other resources were used in conjunction with HOPWA funded activities, including cash resources and in-kind contributions, such as the value of services or materials provided by volunteers or by other individuals or organizations
 - (6) Collaborative efforts with related programs including coordination and planning with clients, advocates, Ryan White CARE Act planning bodies, AIDS Drug Assistance Programs, homeless assistance programs, or other efforts that assist persons living with HIV/AIDS and their families.
- ii. Project Accomplishment Overview
- (1) A brief summary of all housing activities broken down by three types: emergency or short-term rent, mortgage or utility payments to prevent homelessness; rental assistance; facility based housing, including development cost, operating cost for those facilities and community residences
 - (2) The number of units of housing which have been created through acquisition, rehabilitation, or new construction since 1993 with any HOPWA funds
 - (3) A brief description of any unique supportive service or other service delivery models or efforts
 - (4) Any other accomplishments recognized in your community due to the use of HOPWA funds, including any projects in developmental stages that are not operational.
- iii. Barriers or Trends Overview
- (1) Describe any barriers encountered, actions in response to barriers, and recommendations for program improvement
 - (2) Trends you expect your community to face in meeting the needs of persons with HIV/AIDS, and
 - (3) Any other information you feel may be important as you look at providing services to persons with HIV/AIDS in the next 5-10 years
- b. Accomplishment Data
- i. Completion of CAPER Performance Chart 1 of Actual Performance in the provision of housing (Table II-1 to be submitted with CAPER).
 - ii. Completion of CAPER Performance Chart 2 of Comparison to Planned Housing Actions (Table II-2 to be submitted with CAPER).

Program Year 2 CAPER Specific HOPWA Objectives response:

Beaver County was not a participant in the HOPWA program during the reporting period.

Completing Part 1: Homeless Population. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The counts must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. "Shelters" include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent's homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.

B. PRIOR YEAR ADJUSTMENTS: (Line 07 and 44)

1. We had a prior year adjustment adding \$6,500.00 for the Corporation for Owner-Operator Business Investment Revolving Loan Program. We adjusted the PR 26 CDBG Financial Summary Line 07 and Line 44 by decreasing this amount of \$6,500.00 because the report was showing that amount to be included in Program Income Line 05 and Line 43. These have to be done manually because the report does not calculate prior year adjustments automatically.

** This amount should reflect any income considered as a resource in the final statement (and any amendments) for the period covered by this report, as well as that identified in prior final statements (including any amendments), that was expected to be received as of the end of the reporting period but had not yet been received, e.g., program income or Section 108 proceeds not yet received from an approved 108 loan.

Barriers to Affordable Housing Chart

Barrier	Planned Action for FY 2006	Action Taken in FY 2006
There is an overwhelming demand for housing rehabilitation grants by lower income homeowners	Allocation of \$852,500 to perform rehabilitation, weatherization and emergency repairs on 92 single family owner-occupied housing units	\$989,278 was spent in CDBG funds and \$100,000 was spent in home funds for a total of \$1,089,278 spent to perform rehabilitation on 25 homes, weatherization on 26 homes and emergency repairs on 25 homes. A total of 76 housing units were addressed. Beaver County was able to commit and additional \$100,000 to address this barrier.
Renter households often have difficulty purchasing a home	Allocation of \$13,545 in ADDI and \$166,455 Act 137 Housing Funds to finance homebuyer assistance activities for 25 Homebuyers	\$ 13,545 in ADDI funds was spent for counseling, downpayment and closing costs for 6 homebuyers and \$166,455 in Act 137 funds was spent to provide counseling, downpayment and closing costs for 34 homebuyers. A total of \$180,000 in federal and non-federal funds were spent.
Formal interaction between housing groups and agencies in underdeveloped	Continuation of the Beaver County Housing Consortium and Homeless Task Force Activities	The Beaver County Housing Consortium and Homeless Task Force merged to create the Beaver County Housing and Homeless Coalition. A Housing Specialist was retained to work with the Coalition in implementing its mission.
The supply of handicapped housing appears to be inadequate	<ol style="list-style-type: none"> 1. Housing Authority of Beaver County will continue construction of 48 units of public housing units accessible to persons with disabilities. 2. The Salvation Army will lease 12 units of scattered site single family housing accessible to persons with disabilities. 3. The County will continue to apply for state Access Grant funds to assist low income homeowners with disabilities make their home accessible. 	<ol style="list-style-type: none"> 1. The Housing Authority has completed 14 new and substantially rehabilitated units of family housing accessible to persons with disabilities. 16 are under construction. 2. The Salvation Army has acquired 9 units of scattered site housing for persons with disabilities. Two more units will be leased in the near future. 3. The County received \$125,000 in Pennsylvania Accessible Housing Program funds to make the homes of low income persons with disabilities accessible.
Fair Market Rents are not affordable to LMI households	The County will continue to encourage the development of subsidized affordable rental units	9 units of affordable housing were completed. 6 more units of affordable housing units were under construction. In addition, 33 new households were assisted with tenant-based rental assistance.
Potential LMI households lack the skills and creditworthiness to become homebuyers	The County will facilitate the provision of a homebuyer preparation course which will focus on issues such as financial management, home maintenance and repairs, property taxes and insurance.	Along with the education class that covers the topics of financial management, home maintenance and repairs, property taxes and insurance, a housing case manager was contracted with to help facilitate these services for potential and current homebuyers.

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 05/31/2007)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/M) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31. Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	This report is for period (mm/dd/yyyy) Starting 9/1/2006	Ending 8/31/2007	Date Submitted (mm/dd/yyyy) 11/21/07

Analysis of Impediments to Fair Housing Choice FY 2006

List of Impediments and Actions Taken to Overcome Fair Housing Choice

List of Impediments to Fair Housing Choice	Identified Actions Taken to Overcome Effect	Analysis
1. Zoning barriers (e.g. lack of provision for, and spacing requirements for, group homes)	a. Identify Fair Housing Act violations and conduct municipal education and outreach efforts to identify remedies and to encourage municipalities to take corrective actions	Beaver County Fair Housing Office held its annual fair housing coloring contest and award and recognition ceremony. Coloring books covering fair housing issues were distributed to public school students. Teachers manuals and brochures were distributed to school board officials, superintendents, and teachers. Brochures for Outreach were redesigned and distributed. Through the dissemination of information, both activities were successful in reaching out to and educating residents and public officials to identify and correct Fair Housing Act violations. A planned seminar in FY 2006 will focus on realtor, magistrate and municipal participation. The Fair Housing Officer Responded to 43 calls. Four of these calls were referred the Fair Housing Partnership for investigation. . In May 2007 a new Housing Specialist was retained to implement the fair housing plan. She has been trained by the Fair Housing Partnership of Allegheny County in identifying violations and maintains weekly contact with that office. Two testers were trained and performed tests.
	b. Review of zoning ordinances, land use policies, building codes and other pertinent ordinances.	Beaver County Fair Housing Task Force was not in operation in FY 2006. Through response to complaints, the Beaver County Fair Housing Office collected information on zoning ordinances.
2. Institutional discrimination	a. Continue fair housing educational seminars for	Beaver County Fair Housing office redesigned

practices (e.g. newspaper advertising, lending patterns, etc.)	Realtors, advertisers, lenders, landlords, developers, etc.	and distributed brochures to social service agencies, realtor's association and magistrate offices. Networking was conducted with social service agencies including telephone and written communication, distribution of written materials and sharing of training opportunities. A seminar for realtors is planned for FY 2007.
	b. Strengthen relationship with Beaver county Realtors Association via additional outreach and education efforts and continued monitoring of real estate advertising. The County may offer assistance regarding fair housing law requirements to entities that provide mandatory real estate continuing education classes.	Beaver County Fair Housing Office continued to provide outreach to Realtors and distributed anti-discrimination brochures to them.
	c. Form Beaver County Fair Housing Task Force as a subcommittee to the Beaver County Housing consortium to assist the County in gathering information regarding fair housing practices	Fair housing information was shared with the newly established Housing and Homeless Coalition of Beaver County. A new analysis of Impediments to Fair Housing Choice is being conducted in FY 2007 which will make recommendations regarding the task force formation.
	c. Establish testing for fair housing violations.	The new fair housing office attended training by Pittsburgh Housing Partnership to conduct testing for fair housing violations. One practice test and two actual test were conducted.
	d. Investigate establishment of tenant and neighborhood associations to deter violations	The new fair housing office has been conducting outreach with homeless, housing and other community organizations to further determine the best way to establish neighborhood associations. Tenant associations were begun in the public housing communities of Linmar Terrace, Pleasantview Homes and Midcrest Homes. A new analysis of Impediments to Fair Housing Choice is being conducted in FY 2007 which will further

		investigate the establishment of tenant and neighborhood associations.
3. Lack of knowledge of fair housing rights and the complaint process	a. Actively solicit complaints via brochures, radio, television and newspaper ads.	Beaver County Fair Housing Office distributed 10,000 coloring books on fair housing issues and designed by local public school students. Fair Housing poster and brochures were redesigned and distributed to government offices, public schools, grocery stores, laundromats and public housing communities. Information was also posted on the internet with affordable housing information. A seminar was conducted at Morado Dwellings, a public housing community.
	b. Encourage protected classes to participate in the County's Homebuyer program	Beaver County Fair Housing Office referred three calls to the County's homebuyer program and continued to inform additional callers of the existence of the program.

Form HUD-60002, Section 3 Summary Report, Economic Opportunities for Low- and Very Low-Income Persons.

Instructions: This form is to be used to report annual accomplishments regarding employment and other economic opportunities provided to low- and very low-income persons under Section 3 of the Housing and Urban Development Act of 1968. The Section 3 regulations apply to any **Public and Indian Housing programs** that receive: (1) development assistance pursuant to Section 5 of the U.S. Housing Act of 1937; (2) operating assistance pursuant to Section 9 of the U.S. Housing Act of 1937; or (3) modernization grants pursuant to Section 14 of the U.S. Housing Act of 1937 and to **recipients of housing and community development assistance in excess of \$200,000** expended for: (1) housing rehabilitation (including reduction and abatement of lead-based paint hazards); (2) housing construction; or (3) other public construction projects; and to **contracts and subcontracts in excess of \$100,000** awarded in connection with the Section-3-covered activity.

Form HUD-60002 has three parts which are to be completed for all programs covered by Section 3. Part I relates to **employment and training**. The recipient has the option to determine numerical employment/training goals either on the basis of the number of hours worked by new hires (columns B, D, E and F). Part II of the form relates to **contracting**, and Part III summarizes recipients' **efforts** to comply with Section 3.

Recipients or contractors subject to Section 3 requirements must maintain appropriate documentation to establish that HUD financial assistance for housing and community development programs were directed toward low- and very low-income persons.* A recipient of Section 3 covered assistance shall submit two copies of this report to the local HUD Field Office. Where the program providing assistance requires an annual performance report, this Section 3 report is to be submitted at the same time the program performance report is submitted. Where an annual performance report is not required, this Section 3 report is to be submitted by January 10 and, if the project ends before December 31, within 10 days of project completion. **Only Prime Recipients are required to report to HUD. The report must include accomplishments of all recipients and their Section 3 covered contractors and subcontractors.**

HUD Field Office: Enter the Field Office name forwarding the Section 3 report.

1. Recipient: Enter the name and address of the recipient submitting this report.
2. Federal Identification: Enter the number that appears on the award form (with dashes). The award may be a grant, cooperative agreement or contract.
3. Dollar Amount of Award: Enter the dollar amount, rounded to the nearest dollar, received by the recipient.
- 4 & 5. Contact Person/Phone: Enter the name and telephone number of the person with knowledge of the award and the recipient's implementation of Section 3.
6. Reporting Period: Indicate the time period (months and year) this report covers.
7. Date Report Submitted: Enter the appropriate date.

9. Program Name: Enter the name of HUD Program corresponding with the "Program Code" in number 8.

Part I: Employment and Training Opportunities

Column A: Contains various job categories. Professionals are defined as people who have special knowledge of an occupation (i.e. supervisors, architects, surveyors, planners, and computer programmers). For construction positions, list each trade and provide data in columns B through F for each trade where persons were employed. The category of "Other" includes occupations such as service workers.

Column B: Enter the number of new hires for each category of workers identified in **Column A** in connection with this award. New Hire refers to a person who is not on the contractor's or recipient's payroll for employment at the time of selection for the Section 3 covered award or at the time of receipt of Section 3 covered assistance.

Column C: Enter the number of Section 3 new hires for each category of workers identified in **Column A** in connection with this award. Section 3 new hire refers to a Section 3 resident who is not on the contractor's or recipient's payroll for employment at the time of selection for the Section 3 covered award or at the time of receipt of Section 3 covered assistance.

Column D: Enter the percentage of all the staff hours of new hires (Section 3 residents) in connection with this award.

Column E: Enter the percentage of the total staff hours worked for Section 3 employees and trainees (including new hires) connected with this award. Include staff hours for part-time and full-time positions.

Column F: Enter the numbers of Section 3 residents that were employed and trained in connection with this award.

Part II: Contract Opportunities

Block 1: Construction Contracts

Item A: Enter the total dollar amount of all contracts awarded on the project/program.

Item B: Enter the total dollar amount of contracts connected with this project/program that were awarded to Section 3 businesses.

Item C: Enter the percentage of the total dollar amount of contracts connected with this project/program awarded to Section 3 businesses.

Item D: Enter the number of Section 3 businesses receiving awards.

Item D: Enter the number of Section 3 businesses receiving awards.

Part III: Summary of Efforts – Self-explanatory

Submit one (1) copy of this report to the HUD Headquarters Office of Fair Housing and Equal Opportunity, at the same time the performance report is submitted to the program office. The Section 3 report is submitted by January 10. Include only contracts executed during the period specified in item 8. PHAs/IHAs are to report all contracts/subcontracts.

* The terms "low-income persons" and very low-income persons" have the same meanings given the terms in section 3 (b) (2) of the United States Housing Act of 1937. **Low-income persons** mean families (including single persons) whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families, except that

The Secretary may establish income ceiling higher or lower than 80 per centum of the median for the area on the basis of the Secretary's findings such that variations are necessary because of prevailing levels of construction costs or unusually high- or low-income families. **Very low-income persons** mean low-income families (including single persons) whose incomes do not exceed 50 per centum of the median family income area, as determined by the Secretary with adjustments or smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per cent of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.
