Conflicts Prohibited

Community Development Program

Effective Date: August 31, 2016

Subject: CDBG Program Conflict of Interest Provisions

Policy: Conflicts prohibited.

§ 570.611 Conflict of interest.

(a) Applicability.

(1) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 2 CFR 200.317 and 200.318 shall apply.

(2) In all cases not governed by 2 CFR 200.317 and 200.318, the provisions of this section shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance by the recipient or by its subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to § 570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to § 570.203, 570.204, 570.455, or 570.703(i)).

(b) Conflicts prohibited. The general rule is that no persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who are in a position to participate in a decisionmaking process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter. For the UDAG program, the above restrictions shall apply to all activities that are a part of the UDAG project, and shall cover any such financial interest or benefit during, or at any time after, such person's tenure.

(c) Persons covered. The conflict of interest provisions of paragraph (b) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated public agencies, or of subrecipients that are receiving funds under this part.

(d) Exceptions. Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirements of (d)(1) of this section, taking into account the cumulative effects of paragraph (d)(2) of this section.

(1) Threshold requirements. HUD will consider an exception only after the recipient has provided the following documentation:

(i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and

(ii) An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.

(2) Factors to be considered for exceptions. In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (d)(1) of this section, HUD shall conclude that such an exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's program or project, taking into account the cumulative effect of the following factors, as applicable:

(i) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;

(ii) Whether an opportunity was provided for open competitive bidding or negotiation;

FY2026 Beaver County HOME & HOME ARP Application

(iii) Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;

(iv) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decisionmaking process with respect to the specific assisted activity in question;

(v) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section;

(vi) Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and

(vii) Any other relevant considerations.

[[60 FR 56916](#), Nov. 9, 1995, as amended at [80 FR 75938](#), Dec. 7, 2015]

Purpose: To assure that conflict of interest requirements as set forth in 24 CFR parts 85.36 and 84.42 and 24 CFR 570.611 are met in all CDBG activities.

Procedure: Community Development will seek assurance from the Human Resources department that any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated public agencies, or of subrecipients that are receiving funds under this part are not county employees and have not been employed by the County within the past 12 months.

If the party seeking funds meets the above criteria, but the County does not view the issue as a potential conflict of interest, the Community Development Program may seek exception, in writing, directly from HUD.

Part 3: Project Information

A. Home Investment Partnership Act (HOME) Program

The HOME Program, created by the National Affordable Housing Act of 1990 (NAHA), provides decent, affordable housing to lower income persons. HOME funds are received from the Department of Housing and Urban Development and are administered by the Community Development Program. These funds may be used to address many local housing needs whether for property purchase and/or development.

Each year, the Community Development Program of Beaver County accepts applications from housing development organizations (both for-profit and not-for-profit) to develop, sponsor or own rental housing projects.

The selection criteria is based upon the qualifications of the developer, cost of the project and whether the project is advantageous to the County of Beaver's affordable housing efforts.

If the project application is approved, a subsidy layering analysis will be performed to determine if the funds may be granted.

HOME funds can be used to provide incentives to develop and support affordable rental housing and homeownership affordability through the acquisition (including assistance to homebuyers), new construction, reconstruction, or rehabilitation of nonluxury housing with suitable amenities, including real property acquisition, site improvements, conversion, demolition, and other expenses, including financing costs, relocation expenses of any displaced persons, families, businesses, or organizations; to provide tenant-based rental assistance, including security deposits; to provide payment of reasonable administrative and planning costs; and to provide for the payment of operating expenses of community housing development organizations. The housing must be permanent or transitional housing. The specific eligible costs for these activities are set forth in [§§ 92.206](#) through [92.209](#). The activities and costs are eligible only if the housing meets the property standards in [§ 92.251](#) upon project completion.

HOME Requirements:

- Tenants must meet income requirements
- Rents cannot exceed HUD prescribed standards, known as HOME rents. Rent limits must be maintained and will be monitored for a period of no less than 5 and a maximum of 20 years, depending on factors associated with the scope of the project and amount of HUD financing.
- Units must conform to Section 8 Housing Quality Standards (HQS) in [§ 92.251](#) once construction is completed. If a project is substantially

FY2026 Beaver County HOME & HOME ARP Application

rehabilitated or newly constructed, the units also must meet local codes, zoning ordinances, and specific energy and rehabilitation standards.

- HOME funds must be matched with non-federal funds. The amount of match required is 25% of the project cost.

For a complete description of the HOME Program and its guidelines, visit https://www.hud.gov/program_offices/comm_planning/home or contact the Community Development Program of Beaver County for a paper copy of the regulations.

- Part of other populations, where providing supportive services or assistance under Section 212(a) of the National Affordable Housing Act 42 USC 12472(a) would a. Prevent a family's homelessness; or b. Serve those with the greatest risk of housing instability. Describe other population(s)

HOME funds may be used to pay the following eligible costs:

(a) **Development hard costs.** The actual cost of constructing or rehabilitating housing. These costs include the following:

(1) For new construction projects, costs to meet the new construction standards in [§ 92.251](#);

FY2026 Beaver County HOME & HOME ARP Application

- (2) For rehabilitation, costs to meet the property standards for rehabilitation projects in [§ 92.251](#);
- (3) For both new construction and rehabilitation projects, costs:
 - (i) To demolish existing structures;
 - (ii) To make utility connections including off-site connections from the property line to the adjacent street; and
 - (iii) To make improvements to the project site that are in keeping with improvements of surrounding, standard projects. Site improvements may include on-site roads and sewer and water lines necessary to the development of the project. The project site is the property, owned by the project owner, upon which the project is located.
- (4) For both new construction and rehabilitation of multifamily rental housing projects, costs to construct or rehabilitate laundry and community facilities that are located within the same building as the housing and which are for the use of the project residents and their guests.
- (5) Costs to make utility connections or to make improvements to the project site, in accordance with the provisions of [§ 92.206\(a\)\(3\) \(ii\)](#) and [\(iii\)](#) are also eligible in connection with acquisition of standard housing.

(b) **Refinancing costs.** The cost to refinance existing debt secured by a housing project that is being rehabilitated with HOME funds. These costs include the following:

- (1) For single-family (one- to four- family) owner-occupied housing, when loaning HOME funds to rehabilitate the housing, if the refinancing is necessary to reduce the overall housing costs to the borrower and make the housing more affordable and if the rehabilitation cost is greater than the amount of debt that is refinanced.
- (2) For single family or multifamily projects, when loaning HOME funds to rehabilitate the units if refinancing is necessary to permit or continue affordability under [§ 92.252](#). The participating jurisdiction must establish refinancing guidelines and state them in its consolidated plan described in [24 CFR part 91](#). Regardless of the amount of HOME funds invested, the minimum affordability period shall be 15 years. The guidelines shall describe the conditions under which the participating jurisdictions will refinance existing debt. At minimum, the guidelines must:
 - (i) Demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing;

FY2026 Beaver County HOME & HOME ARP Application

- (ii) Require a review of management practices to demonstrate that disinvestment in the property has not occurred, that the long term needs of the project can be met and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated;
- (iii) State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both;
- (iv) Specify the required period of affordability, whether it is the minimum 15 years or longer;
- (v) Specify whether the investment of HOME funds may be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy under [24 CFR 91.215\(e\)\(2\)](#) or a Federally designated Empowerment Zone or Enterprise Community; and
- (vi) State that HOME funds cannot be used to refinance single family or multifamily housing loans made or insured by any Federal program, including CDBG.

(c) **Acquisition costs.** Costs of acquiring improved or unimproved real property, including acquisition by homebuyers.

(d) **Related soft costs.** Other reasonable and necessary costs incurred by the owner or participating jurisdiction and associated with the financing, or development (or both) of new construction, rehabilitation or acquisition of housing assisted with HOME funds. These costs include, but are not limited to:

- (1) Architectural, engineering, or related professional services required to prepare plans, drawings, specifications, or work write-ups. The costs may be paid if they were incurred not more than 24 months before the date that HOME funds are committed to the project and the participating jurisdiction expressly permits HOME funds to be used to pay the costs in the written agreement committing the funds.
- (2) Costs to process and settle the financing for a project, such as private lender origination fees, credit reports, fees for title evidence, fees for recordation and filing of legal documents, building permits, attorneys fees, private appraisal fees and fees for an independent cost estimate, builders or developers fees.
- (3) Costs of a project audit, including certification of costs performed by a certified public accountant, that the participating jurisdiction may require with respect to the development of the project.

FY2026 Beaver County HOME & HOME ARP Application

(5) For new construction or rehabilitation, the cost of funding an initial operating deficit reserve, which is a reserve to meet any shortfall in project income during the period of project rent-up (not to exceed 18 months) and which may only be used to pay project operating expenses, scheduled payments to a replacement reserve, and debt service. Any HOME funds placed in an operating deficit reserve that remain unexpended after the period of project rent-up may be retained for project reserves if permitted by the participating jurisdiction.

(6) Staff and overhead costs of the participating jurisdiction directly related to carrying out the project, such as work specifications preparation, loan processing inspections, and other services related to assisting potential owners, tenants, and homebuyers, e.g., housing counseling, may be charged to project costs only if the project is funded and the individual becomes the owner or tenant of the HOME-assisted project. For multi-unit projects, such costs must be allocated among HOME-assisted units in a reasonable manner and documented. Although these costs may be charged as project costs, these costs (except housing counseling) cannot be charged to or paid by low-income families.

(7) For both new construction and rehabilitation, costs for the payment of impact fees that are charged for all projects within a jurisdiction.

(8) Costs of environmental review and release of funds in accordance with [24 CFR part 58](#) which are directly related to the project.

(e) **Community housing development organization (CHDO) costs.** Eligible costs of project-specific assistance are set forth in [§ 92.301](#).

(f) **Relocation costs.** The cost of relocation payments and other relocation assistance to persons displaced by the project are eligible costs.

(1) Relocation payments include replacement housing payments, payments for moving expenses, and payments for reasonable out-of-pocket costs incurred in the temporary relocation of persons.

(2) Other relocation assistance means staff and overhead costs directly related to providing advisory and other relocation services to persons displaced by the project, including timely written notices to occupants, referrals to comparable and suitable replacement property, property inspections, counseling, and other assistance necessary to minimize hardship.

(g) **Costs relating to payment of loans.** If the HOME funds are not used to directly pay a cost specified in this section, but are used to pay off a construction loan, bridge financing loan, or guaranteed loan, the payment of principal and interest for such loan is an eligible cost only if:

(1) The loan was used for eligible costs specified in this section, and

FY2026 Beaver County HOME & HOME ARP Application

(2) The HOME assistance is part of the original financing for the project and the project meets the requirements of this part

§ 92.208 Eligible community housing development organization (CHDO) operating expense and capacity building costs.

(a) Up to 5 percent of a participating jurisdiction's fiscal year HOME allocation may be used for the **operating expenses of community housing development organizations (CHDOs)**. This amount is in addition to amounts set aside for housing projects that are owned, developed, or sponsored by CHDOs as described in § 92.300(a). These funds may not be used to pay operating expenses incurred by a CHDO acting as a subrecipient or contractor under the HOME Program. Operating expenses means reasonable and necessary costs for the operation of the community housing development organization. Such costs include salaries, wages, and other employee compensation and benefits; employee education, training, and travel; rent; utilities; communication costs; taxes; insurance; equipment; materials; and supplies.
