<u>**Presumed Low Moderate Clientele**</u> – A project qualifies if it benefits a clientele who are generally presumed to be low-and-moderate income persons. Activities that exclusively serve a group of persons in any one or a combination of the following categories may be presumed to benefit low-and-moderate income persons. Complete this form if the project is to make a building or infrastructure ADA compliant, or, for public service projects that will only serve a population listed below.

If the project is funded, the applicant will be required to report data including household characteristics, income, disability and race on the people served by the project.

Please check the group that the project will serve:

☐ **abused children (presumed extremely low income),**

☐ **battered spouses (presumed low income),**

☐ **elderly persons (presumed low income),**

☐ **severely disabled adults* (presumed low income except senior center which is presumed moderate income),**

    * The Census specifies that a disability is a long-lasting physical, mental, or emotional condition that can make it difficult for a person to do activities such as walking, climbing stairs, dressing, bathing, learning, or remembering. This condition can also impede a person from being able to go outside the home alone or to work at a job or business.

☐ **homeless persons (presumed extremely low income),**

☐ **illiterate adults (presumed low income),**

☐ **persons living with AIDS (presumed low income),**

☐ **migrant farm workers (presumed low income),**

Explain how you will determine and document that the individuals that the project will serve are members of the population(s) checked above. For ADA accessibility projects CDP will use Census Data. _____

Impact Statement. Explain how the project will assist the population(s) checked above. Describe how the proposed project makes a difference in the lives of the people, communities, and the environment within the municipalities(s) that you identified. _____
