

BEAVER
COUNTY

FOCUS

Beaver County has been working on an updated countywide Comprehensive Plan to guide our goals and investments over the coming years. Since summer of 2023, public involvement in the planning process has been offered at multiple points, including:

- **Community Survey**
- **Project Website**
- **Pop Up Events**

Your input is shaping our next steps.

Join your County Commissioners and Office of Planning and Redevelopment at CCBC on **April 23 from 11am-2pm** to hear the results of the survey and review the goals and actions envisioned for the future of Beaver County.

This is an Open House format: drop in when you can!
